C. W. STUART

The above will introduce you to Mr. C. W. Stuart, owner and proprietor of Kendal Dahlia Gardens, Massillon, Ohio. Many persons like to know or have some idea of the persons with whom they deal, and that is the reason for the above picture.

Mr. Stuart has in his hands a vase holding five Jersey Beauty Dahlia blooms on a single stem, undisbudded, grown in Kendal Dahlia Gardens.
FOREWORD

We take pleasure in presenting herewith our first catalog to the general public. The writer has been an amateur grower of dahlias as well as other flowers on his home grounds and in realty developments for a large number of years. So many requests came from friends for flowers, tubers and seeds that it was inevitable eventually, with the great love for flowers which Mr. Stuart has, that he would begin to grow some of the flowers to such proportions as to lead him into the business, and while Mr. Stuart grew a great many varieties of flowers, the dahlias finally commanded the greater part of his spare time in connection with a large real estate business, especially because of the wonderful improvement which had been made in the growth of dahlias for the past 10 years from the standpoint of plants, stems, foliage and flowers, color and substance and the fact that they come in the Autumn and are at their height when other flowers have passed or are passing, hence Kendal Dahlia Gardens.

While Mr. Stuart is a dahlia fan, endeavoring to originate or discover new and meritorious varieties from the planting of seed, he is strong in his love for some of the old standard varieties which he would no more discard for the newer varieties than he would discard old friends for new ones. Many of the old varieties have stood the test of time and are still prime favorites and many of the new varieties highly advertised and exploited during the last six or eight years, have long since passed into the discard because of their lack of merit. So, in selecting the dahlias which he grows in his gardens, which comprise about twelve acres, he gives equal place to the old standard varieties, which can be bought at a reasonable price and within the reach of all, and to the newer and higher priced introductions and novelties which are beyond many to buy until they become more plentiful and therefore cheaper. Our catalog has been prepared accordingly.

The climate, soil, and general conditions of North Central Ohio are about an average of the climate, soil and conditions of the whole United States north of the Georgia, Alabama and Mississippi latitude, and we believe that dahlias grown in this section will come as near growing anywhere as dahlias raised in any other section of the country. Therefore, we do not hesitate to recommend our dahlias, which are selected critically and cultivated thoroughly and carefully, and stored properly.

There is no secret about the growing of wonderful dahlias. It does not require any great skill or call for any expert knowledge. You can grow a few of them in the smallest garden, and they will amply repay you if you grow a great number including many varieties. You should, however, select your varieties from growers who are responsible and reliable and especially when you cannot see the flowers growing and in bloom and must rely upon descriptions. In order to keep pace and get the best results, you should start this spring by discarding any worthless or inferior stock. Secure some of the best new or standard varieties according to your space and the amount you desire to spend and you will never regret it. By increasing each year your stock with a few extra good dahlias, in a short time you will have good collections. Many of the good dahlias are not high priced. If you are not familiar with the best, we shall be glad to advise you or you might leave the selection to us. Tell us what varieties you have, the colors you like best, the amount you wish to spend and whether you desire them for exhibition, for garden or for cut flowers, and we will be glad to give you the benefit of our experience. If there are any problems in connection with soil, planting, cultivation, disbudding, harvesting, storing, or dividing, we shall be pleased, upon request, to place our knowledge and experience at your command. We will feel satisfied only when our customer is satisfied. We thank you for your patronage.

GETTING ACQUAINTED OFFER.

As an inducement for your order in 1929, if your order amounts to $5.00 or more, you may select in addition to your order, when accompanied by cash, dahlias from our catalog to the amount of 15% of the original order. For instance, with a $5.00 order, select 75c extra; with a $25.00 order, select $3.75 worth and so on. These will be sent to you free postpaid. No extra or free tubers extra on collections as they are priced at a great reduction already.

FREE EXTRAS.

When ordering, if you will send a few names and addresses of friends whom you think would be interested in receiving this catalog, I will remember you with some extras for your kindness.
GENERAL INFORMATION AND INSTRUCTIONS

ORDER EARLY.

Orders are reserved strictly in rotation and are forwarded when requested or as danger of frost is past. Unless otherwise instructed, tubers will go forward for latitudes north of the Mason and Dixon line May 1st to 20th, except seeds which will be sent out at once, and plants after May 15th unless requested sooner, at customer's risk. It will assist us materially in filling orders at the proper time if our customers will specify the approximate time they wish to have their roots shipped. For this latitude the best time to plant is May 20 to June 15.

PRICES QUOTED.

Prices quoted are for strong divisions of field grown roots which have not been used for propagation and include the prepayment of postage on retail orders over $2.00. On orders of less amount than $2.00, a charge of 10c is made for postage and packing, which please include. The same applies to green plants with usual discount to the wholesale trade. On wholesale orders, forwarding charges are paid by purchaser.

SUBSTITUTION.

We have ample stocks of most all varieties quoted to fill expected orders, but there is the possibility that some of our varieties might become exhausted; however, we do not substitute for any varieties which may be sold out unless expressly permitted to do so and if we receive your order and are out of any particular variety you select, we will refund your money unless you authorize us to send the nearest in color, habit and price to the variety ordered. Please advise a second choice in case you desire us to substitute if necessary.

TERMS.

Unless otherwise arranged, cash must accompany all orders. If it is desired to have shipment made C. O. D., then 50% of the purchase price should accompany the order. Orders will be reserved upon payment of 25% cash at time order is given, balance C. O. D. when shipped. Please remit by check, money or express order or postoffice order.

GUARANTEE

While every care is exercised in digging, planting and packing, that none should be mixed, no guarantee is given other than to replace any stock that may prove not true to name. If shipment does not arrive in good condition, please notify us at once, returning the bulbs, which will be immediately replaced, and if any dahlia bulb does not begin to grow or show signs of growth within four weeks after planting, please return it and the same will be replaced free of charge. We recommend and use green plants or rooted cuttings of dahlias but cannot be responsible for losses in plants after they are set out. There are so many things that can happen to them not our fault or the fault of the plant, that we cannot accept the responsibility of replacing plants. However, our experience with plants is entirely satisfactory.

STATE INSPECTION.

Each shipment of dahlias we make is accompanied by a certificate of the Director of Agriculture of Ohio, showing that our nursery, consisting of dahlias, has been inspected by a duly authorized inspector in compliance with the law and found apparently free from dangerously injurious insects and plant diseases.

CULTURAL DIRECTIONS.

Sufficient cultural directions for the raising of dahlias are given toward the end of this catalog, both for seed and for tubers. Read it. Full cultural instructions will also be sent out with each order.

ERRORS.

In the rush of the shipping season, errors are possible to occur, and we, like all human beings, are apt to make a mistake. However, we will consider it a favor to be notified at once so that we can rectify the same. If you have a complaint, tell us first. If you like our treatment, tell others.

AND FINALLY.

Be sure to sign your order, writing your name and address plainly, including street number, city, county and state; and ORDER TODAY.

KENDAL DAHLIA GARDENS--Massillon, Ohio
CLASSIFICATION OF DAHLIAS

For purposes of description in this Catalogue all Dahlias are described according to classification adopted by the American Dahlia Society, which is given below.

In the catalogue which follows, CACTUS and HYBRID CACTUS will be listed under one head; DECORATIVE and HYBRID DECORATIVE under a single heading; BALL SHAPED DAHLIAS, often called SHOW and HYBRID SHOW, will be listed under SHOW and HYBRID SHOW; POMPOMS will be listed under POMPOMS; PEONY FLOW-ERED or ART DAHLIAS and Duplex Dahlias will be listed under PEONY or ART DAHLIAS. SINGLE and COLLARETTE DAHLIAS will each be listed under a separate heading.

The Dahlias most generally sold to Dahlia lovers consist of the Cactus and Decorative types, although, in more than five hundred orders taken in our fields when the Dahlias were in bloom in the fall of 1928, 80% of the orders contained a few of the other varieties.

**Cactus Dahlias**

a. True, fluted type: Flowers fully double; floral rays (petals) long, narrow, incurved or twisted, with sharp, divided, or fluted points and with revolute (rolled back) margins, forming, in the outer florets, a more or less perfect tube for more than half the length of the ray.

b. Hybrid cactus or semi-cactus type: Flowers fully double; floral rays short as compared with previous type, broad, flat, recurved or twisted, not sharply pointed, except when tips are divided (staghorn), margins only slightly revolute, and tubes of outer florets, if any, less than half the ray.

**Decorative Dahlias**

Double flowers, full to center in early season, flat rather than ball shaped, with broad, flat, somewhat loosely arranged floral rays with broad points or rounded tips, which are straight or decurved (turned down or back), not incurved, and with margins revolute if rolled at all.

**Ball-Shaped Double Dahlia**

a. Show type: Double flowers, globula or ball-shaped, rather than broad or flat, full to center, showing regular spiral arrangement of florets; floral rays more or less quilled or markedly involute margins and rounded tips.

b. Hybrid show, giant show or colos-

sal type: Flowers fully double, broadly hemispherical to flatly globular in form, loosely built so spiral arrangements of florets is not immediately evident; floral rays broad, heavy, cupped or quilled, with rounded tips and involute margins.

c. Pom pom type: Shape and color may be same as A or B; but must be under two inches in diameter.

**Paeony-flowered or “Art” Dahlias**

Semi-double flowers, with open center, the inner floral rays being usually curled or twisted, the other or outer petals being either flat or more or less irregular.

**Duplex Dahlias**

Semi-double flowers, with center almost exposed on opening of bud, with petals in more than one row, more than 12, long and flat, or broad and rounded, not noticeably twisted or curled. Many so-called Paeony-flowered Dahlias belong here.

**Single Dahlias**

Open centered Dahlias, small to very large, with 8 to 12 floral rays, more or less in one circle, margins often decurved (turned down or back). There are no distinctions as to colors. The type embraces the large Twentieth Century, as well as small English varieties.

**Collarette Dahlias**

Single type: Open centered blossoms with not more than nine floral rays with one or more smaller rays, usually of a different color, from heart of each ray floret, making a collar.
DECORATIVE AND HYBRID-DECORATIVE DAHLIAS
Abbreviated “Dec.” and “Hy.-Dec.”

Quotations of all Decorative tubers are for strong field grown divisions, each with one or more good eyes, guaranteed to grow and each tuber labelled.

**ADALINE WINTER** (Winter)—Adaline Winter is a seedling originated by H. P. Winter, for thirty-five years a Dahlia grower around Painesville, Ohio, whose nursery we purchased last year and with it we acquired all of Mr. Winter’s stock including his originations. It is one of the seedlings from William Agnew, and like its parent, is a brilliant vermillion carmine. It is a much better flower than its parent, has longer stems, better foliage, is hardy and is most fascinating as a cut flower, remaining double to the end of the season. 50c each, 3 for $1.00.

**ALEX WALDIE**—This Decorative Dahlia was named for one of the foremost Dahlia growers, whose efforts in behalf of the Dahlia world were lost through his death announced recently. The flowers are large, held above the foliage on fine stems in unsurpassed coloring—a creamy ground overlaid with delicate salmon pink. A prize winner in the East with high praise everywhere it has been grown or shown. 50c each, 3 for $1.35.

**ALTAMONT** (Kemp)—Rose pink deepening to American Beauty rose toward the center of the flower. Full decorative type with long, slightly curled petals. It averages 8 inches and over in diameter; stands the sun well, resembling Jersey Beauty in habit; tall grower, healthy and an early and abundant bloomer. It is a splendid keeper and very satisfactory for the amateur. $3.50 each.

**AMARILLA GRANDE** (Broomall)—A California variety growing well in the East. It is one of the new yellows of enormous size and of great beauty. $3.00 each.

**AZTEC GLORY** (Broomall)—A splendid exhibition variety of pure picric yellow with flowers of unusual form, making a very deep and shaggy flower. A low grower, yet it has excellent stems and vigorous foliage. $5.00 each.

**BARBARA REDFERN** (Redfern)—A prolific bloomer of blooms measuring as large as 10 to 12 inches. In special demand in many places for cut flower purposes. The face of this mammoth flower is a glistening old gold in color with the reverse of the petals a delicate old rose; since the petals curl, both colors show at the same time producing a warmth and richness in decorative effect. $4.00 each.

**BASHFUL GIANT**—One of the largest Dahlias ever introduced; a great attractive exhibition flower. Color, apricot with golden suffusion and shading, with the flower slightly drooping. 75c each, 3 for $2.00. (See cut next page.)

**BLACK BROOK** (Winter)—Another Winter production. Black Brook is a dwarf, growing about 18 inches high and fully covered with large, rich, lilac crimson blooms. Splendid as a bedder, and can be used around a bed very much like geraniums. Very early and free. 75c each, 3 for $2.00.

**BONAFIN** (Kemp)—A rounding symmetrical, clear, picric yellow flower, similar to the yellow Bonafin Chrysanthemum. Plant vigorous, flower attaining height of 5 to 6 feet. Flowers borne on long stems well above the foliage. Early and free flowering. $5.00 each. Plants $2.50.

KENDAL DAHLIA GARDENS—Massillon, Ohio
BASHFUL GIANT

BONNIE BLUE—Sometimes classed as a Hybrid Show A very popular Dahlia. It is near blue in color and blends nicely with almost any other color. The form is perfect. Keeping quality when cut is good, in fact, it is an all purpose Dahlia of medium size, giving it a very great variety of uses. We have accumulated sufficient stock of this variety to make it a leader. 35c each, 3 for 90c. $3.50 per dozen.

BONNIE BRAE—A real beauty; color, cream shaded to blushing pink. An exquisite color combination. It is grown and appreciated everywhere; one of the very largest and a free bloomer on long stems. 50c each, 3 for $1.35.

BROWN HILDA—A very symmetrical chestnut color Decorative Dahlia. Vigorous grower, free bloomer. 30c each, 3 for 75c.

BRILLIANTINE (Kemp)—A most brilliant true, scarlet red flower, averaging 7 to 8 inches in diameter on long, stiff stems well above the foliage. An early, constant bloomer and strong growing plant reaching a height of 6 feet and over. $3.50 each.

CALIZONA (Broomall)—A deep, rich yellow with large flowers of distinct shape, standing out boldly on splendid strong stems, making it one of the most conspicuous Dahlias. $1.50 each.

CAMDEN COURIER (Sunnyside)—A colossal new exhibition Dahlia having great depth, producing in great abundance, a perfect formation on long straight stems. Its color is a slight cadmium overlaid with grenadine red, producing a shade of rich bronze. A giant plant, sturdy and strong, with dark green luxuriant foliage. Grew to over 8 inches in our Gardens. Cut in this catalog taken from a bloom grown by us. $1.50 each.

CARMENCITA—An extra fine vigorous, free flowering Dahlia on good stems, plant rather dwarf and bushy. A giant, yellow striped red bloom of most pleasing effect. $1.00 each, 3 for $2.50.

CAROLINE WINTGEN—A very beautiful salmon pink shading to rose. Large blooms on goods stems. Very popular. 60c each, 3 for $1.50.

CASPER G. WARE (Dahliadel)—A Prize Winner and many purpose Dahlia. Grown naturally, without disbudding, you have an ideal flower for bedding or hedge effect with bush growing 3 to 4 feet, having a mass of blooms throughout the season. To grow for exhibition or cut flowers, prune out, leaving 4 to 8 shoots, and by disbudding you will have blooms up to 10 inches in diameter with full centers until frost. The color is a pleasing shade of bright, silvery, violet rose. $2.00 each, 3 for $5.00.

CATHERINE WILCOX—Large, pearly white flowers tipped with pink. Very fine for garden or cut flowers. 60c each, 3 for $1.50.
CHANG (Ballay)—So-called because of its color of burnished copper and gold, an Oriental blending and lustre associating it with the Far East. Flowers in early season have reddish copper tone, the flowers in later season having a gold coloring. Gorgeous blooms of great depth and massive size with small centers at all times. Extra long stems. Likes sun. $7.50 each.

CHAMPAGNE—A Prize Winner. This great big wonderful California beauty is held perfectly erect on strong straight stems. Color, warm autumn shades, burnished copper to dull golden champagne and chamois. As a cut flower, it fits into the basket with any color. $1.00 each, 3 for $2.50.

CHARLEMAGNE (Ballay)—A very large flower of clear canary yellow with broad heavy loose petals. A low growing, free blooming plant whose bloom is held absolutely upright on a very strong stem. $3.50 each.

CHARM—One of the most attractive Dahlias in cultivation. Color, a very striking combination of yellow and deep burnt orange; blooms of large size and deep full centers. 75c each, 3 for $2.00.

CHEMAR'S DELIGHT—A very pretty Decorative with a long, stiff stem holding the blooms facing. Flowers are beautiful, clear, lemon yellow, averaging 6 inches; about one-fourth of each petal being heavily tipped pure white. A prolific bloomer; wonderful for decorative effects, either in garden or for cut flowers. $3.50 each, plants $2.00 each.

CHEMAR'S 2406—A very large early flowering Decorative, held facing on an 18 inch stiff stem well above the foliage. Strong, sturdy grower. Color, a different red, nearly matching Ruby Fuchsia, and with a velvety sheen. As cut flower, will last several days. Stands the sun well in the garden. $7.50 each, plants $4.00 each.

CHEMAR'S PURITY—A most perfect white Decorative seedling from Jersey Beauty, which it resembles in everything but color. Flowers first opening show a slight trace of orange near center, which gradually changes to pure white at maturity. Scores high on trial grounds. $7.50 each, plants $4.00 each.

CHEMAR'S U. S. A.—This Dahlia is a full center Dahlia the color of U. S. A. The blooms of this Dahlia are very deep and large with an air-tight center on long, stiff stems holding the flowers erect. Color is apricot buff, suffused gold. Good for all purposes. $7.50 each, plants $4.00.

CITY OF TRENTON (Prentice-Dahliai)—A strong, robust grower producing flowers up to 12 inches across with perfectly full centers on long erect stems. First class exhibition variety. Its color is a beautiful reddish apricot with rose suffusion, having a sheen of lustre throughout the flower; difficult to describe. Blooms are of splendiform. Curled petals give a two-tone effect, creating the impression of tongues of flame radiating from a full center. A very brilliant Dahlia. $7.50 each, plants $4.00.

CLIFFORD E. WHITE—In form, habit, size and freedom this variety reminds one of the popular Judge Marean, and, like it, its colors vary as the flowers pass through different stages of development. Its color is a combination of glowing salmon-pink, brilliant red, iridescent orange and gold, all blending most harmoniously, but very intense and brilliant. One of the most popular Dahlias in our garden. 50c each, 3 for $1.35.

COCHEGAN—This is one of the largest Dahlias grown with blooms often 12 inches in diameter of a deep shade of lemon yellow, which looks as well under electric light as in daylight. Long, strong stiff stems holding flower well above the foliage. We recommend this as one of the best yellows. $5.00 each, plants $2.50 each.

COLOR SERGEANT—A very striking dahlia both in form and color which is a rich deep salmon bronze of one shade. Upright grower of excellent habits and perfect stem and a fine all around variety for exhibition or cutting. Prize winner at Camden, N. J., and Philadelphia shows. Tubers $7.50; plants $4.00.

CONDOR—A German origination; very attractive; medium size flower perfectly formed with petals curling to a point. Color, dark blackish red with velvety texture unusual among Dahlias. Stock very limited. $4.00 each, plants $2.50 each.

COQUETTE (Fisher & Masson)—A 1929 Fisher & Masson introduction. A most robust and beautiful Decorative Dahlia in a much desired red and gold combination. Face of petals a velvety Muskeeter red blending with gold and shading to a golden sunset color at points. Reverse of petals, gold. A thick, fluffy flower; with curled and twisted petals makes this an exhibition flower of great beauty, giving...
DECORATIVE AND HYBRID-DECORATIVE DAHLIAS—Cont.

the impression of a glowing sunset. Flowers stand a foot above the first pair of leaves, stem rigid with dark green leathery insect proof foliage. Free bloomer and an excellent keeper. $10.00 each, plants $5.00 each.

CREOLE (Ballay)—Deep velvety maroon of very novel formation. The numerous petals are quite long and broad, pointed at the tips, with full centers. Good until very late with blooms freely produced on good stems. $10.00 each.

DAKOTA—A Judge Marean introduction producing very large exhibition flowers of good form. No Dahlias in our garden last year were more thoroughly autumn in coloring of deep, rich, coral red wit coppery suffusion. A good supply enables us to offer this variety very cheap. 50c each, 3 for $1.35.

DATSO (Cottam)—New, large, well-formed decorative, of glowing, deep, rose pink, perfect stem, and lustrous green leathery foliage. Medium height, free bloomer and much admired at exhibitions and in gardens. $10.00 each, plants $5.00 each.

DELICE—Clear pink Decorative that has been used more by florists than probably any other Dahlia; it is the standard to which all other pink shades are compared. Its great charm is in the clear, bright color, which is without trace of foreign shade. Of medium size, exceptionally long keeping quality; it is very adaptable for cut flower. 40c each, 3 for $1.00.

EAGLE ROCK BEAUTY (Broomall)—It would be difficult to imagine a more beautiful combination of pink and cream than is displayed in this Dahlia. A giant among giants, it is in a class all its own. Vigorous in growth with good habit. Strong stems hold the flower perfectly erect; the immense blooms are full to the center. Produces in abundance until frost. $5.00 each, plants $2.50.

EASTERN STAR (Dahliadel)—The color of this decorative is a saffron yellow with old gold shading. The flower is of good substance and good keeping qualities with full centers, held on strong, erect stems. Of excellent bush growth and free flowering. It grows 10 inches without forcing and has a wonderful prize winning record. $1.50 each, 3 for $4.00.

ELDORADO—Picture a comparatively low growing bush with immense golden yellow blooms, which stand up and look you in the face, and you have an Eldorado. This flowering beauty has great depth to correspond with its size, and is splendid in every way. A prize winner East and West. $1.50 each, 3 for $4.00.

ELLINOR VANDERVEER (Seal)—An incomparable Dahlia of exquisite beauty and of great size and depth, having every desirable quality. Color, a rich glowing satiny pink. One of the earliest to flower. $1.00 each.

KENDAL DAHLIA GARDENS—Massillon, Ohio
ELIZA CLARKE BULL (Boston) — A wonderfully good pure white, one of the largest and deepest of its class; of perfect form with petals just sufficiently irregular to be informally artistic. $2.00 each.

ELITE GLORY (Kennedy) — Immense flowers of rich red, without maroon or purple shade. It has been the sensation of the Eastern shows for four years; scored 92 at A. D. S. trial grounds, and dominates the red decorative classes wherever shown. $3.50 each, plants $1.75.

ELITE SURPRISE (Kennedy) — A splendid free blooming variety with large flowers of spectrum red. In favor everywhere. $3.00 each.

ELITE PEACH (Kennedy) — Large flowers of soft salmon buff borne on good stems; good keeper and gives a good account of itself in garden or household decoration. $3.50 each.

ELKRIDGE (Griffith) — Large white flowers borne on perfect stems; a vigorous grower and the flowers are produced in great freedom. $2.00 each.

EMPEROR (Marean) — A very deep bright rose maroon American; very large, long stems, strong grower. 75¢ each, 3 for $2.00.

ETANDARD DE LYON — A most appealing artistic flower showing some of the characteristics of the hybrid cactus type. A rich rosy purple. 40¢ each, 3 for $1.00.

FAITH GARIBALDI — A giant flower of true type, deep rose shade on long, stiff stocks. Flower full centered and a good keeper after cutting. $2.00 each.

FIREBRAND — A medium size orange carmine flower, very conspicuous because of its striking brilliant color and exceptionally fine stems; fine for cutting. $1.50 each, 3 for $4.00.

FIRE CHIEF (Reed) — One of the best scarlet Dahlias, having won certificates given by the A. D. S. and the Dahlia Society of New Jersey at its Trial Gardens. Flowering habit profuse with flowers averaging 8 inches without disbudding. Good stem. $7.50 each, plants $3.75.

FLAMING METEOR (Barker) — This striking new California variety is a flaming orange scarlet and attracting attention everywhere. Wonderful cut flower on long, cane-like stems. Large blooms. $2.50 each.

FORDHOOK MARVEL (Burpee) — This giant in size, carrying its blooms on strong cane-like stems, has been awarded two Gold Medals and Silver Trophy, a First Prize, supreme award and a certificate of merit from trial gardens. Color is a lovely shade of peach red shading to strawberry pink, suffused with startling salmon-orange sheen of metallic lustre. $10.00 each, plants $5.00.

FORDHOOK EMPRESS — A great favorite. Color is a glowing tone of rich salmon orange shading to peach red and old gold. Everybody admires it. $5.00 each, plants $2.50.

FORDHOOK AVIATOR — A glistening carmine-crimson bloom with bronzy suffusion. Huge blooms on long stems. $5.00 each, plants $2.50.

FORDHOOK BRIDESMAID — A real beauty with flowers of lovely amaranth-pink, shaded white, especially toward the base of the petals. Fine strong stems and very large blooms. $5.00 each, plants $2.50.

FORDHOOK DREADNOUGHT — Another really large Dahlia of old rose color shading to salmon with lighter salmon and yellow suffusion toward the base of the petals. Vigorous and long stemmed. $5.00 each, plants $2.50.
DECORATIVE AND HYBRID-DECORATIVE DAHLIAS—Cont.

FORDHOOK SWEETHEART—Shades of delicate pink with a suffusion of salmon and a tinge of yellow, all on a white ground. Of strong habit with long stiff stems. This Dahlia is a charming and beautiful flower of exquisite appearance. $7.50 each, plants $3.75.

FORDHOOK APRICOT—A fine apricot tint with rich yellow tones at the base. Large, massive well formed blooms on long stems. $1.00 each, 3 for $2.70.

FORDHOOK ARLINGTON—Mellow old gold with a suffusion of amber yellow. Blooms early and freely, having magnificent blooms on long stems on medium height plants. Good for garden display and exhibition. $3.50 each, 3 for $9.50.

FORDHOOK CAPRICE—A lovely soft amaranth-pink shade suffused with silvery white. Heavy massive flower borne freely on erect, stiff stems. $3.50 each, 3 for $9.50.

FORDHOOK CHARM—A charming flower of coral red suffused with bronze and shaded with a very delicate yellow cast, with reverse of petals old rose. $1.00 each, 3 for $2.70.

FORDHOOK ENCHANTRESS—Rich salmon-pink flowers shading into yellow, with centers highly suffused with salmon; beautifully formed, well rounded blooms are carried on stiff stems above the foliage on medium height plants. $3.50 each, 3 for $9.50.

FORDHOOK ERECTA—This novelty produces strong upright plants bearing a profusion of well rounded fully double blooms of bright amaranth-pink shading lighter toward the base of the petals. Awarded Certificate of Merit. $3.00 each, 3 for $8.00.

FORDHOOK FORMIDABLE—A flower of autumn shade combining various tones of light bronze shading to bright yellow at base with a darker crimson reverse. Gloriously rich blooms on long stems. $3.50 each, 3 for $9.50.

FORDHOOK GLEAM—A beautiful autumn shade combining buff with tints of yellow and grenadine reverse. Very large. $3.50 each, 3 for $9.50.

FORDHOOK GOLDCREST—A beautiful new Dahlia with magnificent salmon-pink blooms toned with bright red and a deeper salmon reverse, with center petals a rich yellow. Awarded Certificate of Merit. $3.50 each, 3 for $9.50.

FORDHOOK GOLDILOCKS—Rich old gold with each petal tipped white, occasionally a bloom comes in a solid old gold color of good size, heavy and carried on long stems; a free bloomer on a medium tall plant. $3.50 each; 3 for $9.50.

FORDHOOK MODEL—Another Burpee variety of a lovely shade of silvery lilac with an iridescent sheen of pink. Flowers are of enormous size and well rounded. $2.00 each; 3 for $5.40.

FORDHOOK PEERLESS—Immensely well rounded flowers on long stems of a pleasing shade of bright rose, each petal showing a suffusion of silver white towards the base. $3.50 each; 3 for $9.50.

FORDHOOK PROFUSION—An essentially free and continuous bloomer of coral red flowers shading to orange at base of petals, long stems. $2.00 each; 3 for $5.40.

FORDHOOK RADIANCE—Bright peach-red blooms suffused with metallic bronze and just a suspicion of salmon on the outer petals. $2.50 each; 3 for $6.50.

KENDAL DAHLIA GARDENS—Massillon, Ohio
DECORATIVE AND HYBRID-DECORATIVE DAHLIAS—Cont.

autumn coloring on a medium sized plant. Profuse bloomer. Awarded Certificate of Merit. $3.50 each; 3 for $9.50.

FORDHOOK TWILIGHT — Magnificent flowers of a beautiful silvery white with a heavy suffusion of rose on the reverse of each petal with striking effect. A profuse bloomer of excellent size on long stems, plant of medium height. $3.50 each; 3 for $9.50.

FORTUNA (Ballay)—Bright rose-pink varying in intensity of coloring at different seasons, and deeper as the season advances. This variety is of exceptional size, very deep and heavy with a stem long enough to hold it up proudly. The petals slightly crinkled give the flowers an unusual waxy appearance. Keeps well in the garden and when cut, and does not fade in the sunshine. Grows on a very sturdy bush of medium height, well branched, requires but little disbudding. $7.50 each; plants $3.50.

FORT WASHINGTON—A very large well formed free blooming long stemmed decorative Dahlia of a rich velvety maroon color. $2.50 each; 3 for $6.50.

F. T. D. (Fisher-Masson)—Large exhibition decorative, a sport of Trentonian differing in color, which is a rich tyrian-rose. Flowers are held well above the foliage on rigid stems. Prize winner with awards of merit from trial grounds. $4.00 each.

GENERAL FOCH—A very fine red decorative, free flowering, good stem. $1.00 each; 3 for $2.50.

GENEROSITY (Winter) — A new free flowering salmon-rose seedling. Unusually floriferous and gorgeous flowers, 6 to 7 inches across; plant narrow, 3 feet high, needs stake to support the heavy flowers. $1.00 each; 3 for $2.50.

GEORGE AEUGLE (Sunnyside)—Tall vigorous plants, open fine light green foliage. Immense, full and deep flowers held erect on extra strong stiff stems. A rich wax yellow suffused on the reverse with drag-on's blood red. Good keeper, fine for exhibition and cutting. $1.50 each; plants, 90c.

GLOIRE DE VERDUN—A most perfect flower of giant size; in color, a most intense and brilliant shade of cardinal red, an effective high colored variety whose petals are ruffled and notched at the tips. 50c each; 3 for $1.35.

GLORIANA—A monster pure old gold suffused with reddish glow, darker center. A giant on long strong stems. 75c each; 3 for $2.00.

GLEORY OF MONMOUTH (Kemp) — A wonderful garden and exhibition variety of eosine pink shading to strawberry pink at center of petals, base of petals a light orange; plant semi-dwarf, wide spreading, very sturdy. Flowers 6 to 8 inches on long, very strong stems produced in great profusion, taking about ten days to open fully. Good keeper. $3.50 each.

GOLD AND SILVER (Winter)—A large free flowering gold and yellow often splashed with white, medium size, good stem. $1.00 each; 3 for $2.50.

GOLDEN DREAM (Success)—Strontian yellow with a golden sheen or lustre, reverse of petals Brazil red. A real golden flower on good stems. Prize winner and Certificate of Merit awards. $7.50 each; plants, $3.75.

GRANDOLA (Success)—Brilliant orange medium size blooms held on fine stems, attracts immediate attention. $2.50 each.

GRIFFIN (Kemp)—Color, pinnard yellow with a pale virgin yellow on reverse, tinted lavender pink. A vigorous grower apparently disease and insect proof, bearing large flowers in great profusion from midsummer until frost. $3.50 each.

GRIZZLY—One of the finest of the dark velvety crimson maroon Dahlias. An immense flower that blooms freely on good stems. 75c each; 3 for $2.00.

HARVEST MOON—A wonderful bushed dwarf Dahlia with large flowers held well above the foliage on stout stems. The broad thick petals curve back toward the stem making it almost a ball. Color, a clear deep sulphur or primrose yellow. A prize winner with awards. 75c each; 3 for $2.00.

HARRY MAYER (Reed)—A fine exhibition Dahlia having size, depth, wonderful stem, full center and sturdy healthy bush growth. Its color is a beautiful silvery pink with a rose pink reverse. Very satisfactory. $3.50 each.

HALVELLA—A beautiful large salmon rose flower, strong grower, satisfactory in every way. Very much in demand. $1.00 each; 3 for $2.50.

HERCULES—A giant bloomer of tangerine and deep yellow with reverse side of petals a deep tangerine. Vigorous plant of good height and flowers on good stems. $1.00 each; 3 for $2.50.

KENDAL DAHLIA GARDENS—Massillon, Ohio
HOCHSIA — A Holland introduction. Plants vigorous and bushy. Massive flowers of beautiful golden, penciled and shaded with reddish bronze. One of the best and most striking autumn tint effects. Petals large and loosely arranged. Sometimes described as crimson yellow. 50c each; 3 for $1.35.

HORTULANUS F1ET—Flowers over 8 inches in diameter of the most delicate shade of shrimp pink with the tip of each petal barely touched with gold; entire flower suffused with delicate tints of red and yellow giving a soft colorful glow of great charm. 75c each; 3 for $2.00.

IDEAL—Pink shaded lilac; free flowering on good stems makes it an ideal cut flower. 75c each; 3 for $2.00.

INSULINDE — A Holland introduction. Colossal flower of a rich golden orange color. Form all that could be desired. Admirable for cutting and exhibition, one of the finest sorts. 75c each; 3 for $2.00.

JACK O’LANTERN (Success)—A Dahlia of fine stems; profuse bloomer. Color, scarlet with reverse picric yellow. Finished flower has scarlet center with crown of amber yellow. Scored 87 at Trial Gardens, D. S. of N. J. Stock limited. $7.50 each, plants $3.75.

JACK ROSE—An old timer; color, brilliant crimson red. Free flowering on straight stems, fine for cutting, good keeper. Has stood the test and is still liked. 25c each; 3 for 65c.

JANE COWL (Downs)—An ideal Dahlia, fairly tall with vigorous dark green leathery foliage; straight, strong stems holding monster blooms of glistering bronzy buff and salmon shades proudly aloft with a beauty that stops you and makes you look again. Introduced in 1927; it has received awards of merit and prizes everywhere. $10.00 each, plants $5.00.

J. J. HARRISON (Winter)—One of the showiest bedders yet introduced. Named for J. J. Harrison of the Storrs Harrison Nurseries near which it was originated by Mr. H. P. Winter whose introductions and business we purchased. Flowers are orange red and profuse on good healthy plants. 75c each; 3 for $2.00.

JERSEY’S BEACON (Waite)—A universal favorite as an exhibition and garden flower; color is a Chinese scarlet with a paler reverse, giving it a two-toned effect. Flowers are large and globular in shape. The plant is a vigorous grower having splendid insect resisting foliage. $1.25 each.

This collection of Six Prize Dahlias Engraved in four colors on the opposite page.

Venus, Kitty Dunlap, Porthos, Paul Michael, Jean Chazot and Jersey Beauty.

Also Pride of Winter Haven, Cuban Giant, and Ida May Carleton included FREE

9600-One each (value $6.35) $ 4.00
9601-Three each (value $14.65) 10.50

JERSEY'S ELEGANS (Waite)—Spinel pink, medium flowers produced very freely on good stems. $2.50 each.

JERSEY'S EMPRESS (Waite)—Large blossoms of anthracene violet which does not fade. Flowers of great depth and good substance on stems which are somewhat fleshy, but hold the flowers well up. $2.50 each.

JERSEY'S FIANCEE (Waite)—Rose pink with the point of each floret slightly tipped gold; flowers large, stems always good. Foliage inclined to be pale, and should be sprayed. $2.50 each.

JERSEY'S GEM (Waite)—Superbly formed lavender pink flowers on perfect stems. A wonderful cut flower. $1.00 each.

JERSEY'S GLEAM (Waite)—When first opening this Dahlia is yellow with a coral pink suffusion, but when fully opened is picric yellow in the center with outer petals coral pink with gold suffusion. Stems are perfect with good thick foliage. $5.00 each.

JERSEY'S GLORY (Waite)—A 1929 Waite introduction having large flowers of good form well placed on the stems. Color is best described as a yellow hue of orange. Stems are long and stiff, sometimes arching gracefully. Plant is a robust grower and flowers are produced freely. Leaves thick and leathery in texture. The long stems branch freely from the base and the stems may be cut as long as those of Jersey Beauty. $10.00 each; plants, $5.00.

JERSEY'S IDEAL (Waite)—A charming flower of lavender pink often varying to phlox pink; vigorous grower. $2.50 each.

JERSEY'S JEWEL (Waite)—Large, long petaled flowers of mallow pink with perfect stem. $1.50 each.

JERSEY'S KING (Waite)—Broad petaled flowers of begonia pink with splendid stems. A favorite everywhere it is grown. $1.00 each.

JERSEY'S MASTERPIECE (Waite)—Strawberry pink suffused with gold at base of the florets. A bold and upstanding variety possessing all the attributes of an exhibition Dahlia. The stems are strong and stiff, and the foliage is thick in texture. $10.00 each; plants, $5.00.

JERSEY'S OLYMPUS (Waite)—Large globular flowers in a combination of saffron venetian and fsh pink with a suffusion of gold when fully open. Excellent stems and foliage. $5.00 each.

JERSEY'S PATROL (Waite)—A low growing type with a profusion of blooms of spectrum red tipped with gold in the unopened centers. Canelike stems and good foliage. $2.50 each.

JERSEY'S SOVEREIGN (Waite)—An indescribable shade of salmon orange. Vigorous grower with very dark foliage. Flowers are of good size on good stems. $1.00 each; 3 for $2.75.

JERSEY'S SWEETHEART (Waite)—A dainty medium sized flower of delicate pink shading to a white center. Very profuse bloomer. $1.50 each.

JERSEY'S WONDER (Waite)—A mixture of apricot yellow and pinnard yellow with a pink suffusion on the reverse. A vigorous grower and a profuse bloomer. $2.50 each.

JOVE (Ballay)—Bronze pink, pink predominating with the bronze more marked toward the center. Flower is very large, producing 10 inch blooms under ordinary field culture. Prize winner as the largest and best Dahlia in various shows. Stems are long, strong and straight, attracting attention wherever it is shown. $5.00 each.

JUDGE MAREAN—Another old standby that never wears out. A flaming salmon pink with a touch of watermelon red exquisitely blending to iridescent orange, yellow and pure old gold. 75c each; 3 for $2.00.

JUDGE SHINN (Kemp)—Color is a deep chrome with a deep melon yellow center; flowers are large and fluffy, reaching 8 inches and over, in diameter, and 5 inches or more in depth. Hard, wiry stem sometimes drooping slightly under adverse conditions, but its exquisite beauty more than compensates, as it is one of the most beautiful Dahlias in existence. Plant tall and vigorous. A prize winner, we predict it will stay. $10.00 each; plants, $5.00.

KENDAL DAHLIA GARDENS—Massillon, Ohio
KATHLEEN NORRIS—A 1929 Fisher & Masson introduction awarded First Prize for best flower at four greatest Eastern Shows fall of 1928. Color, true rose pink, later deepening to mallow pink. Gigantic bloom, broad petals overlapping, with twisted ends. Full center, very long stem, foliage dark green and insect proof; a great bloomer and an excellent keeper. Plants, only, $7.50 each.

KEMP'S LAVENDER (Kemp)—Color, a clear bluish lustrous lavender all the way through; flowers medium to large, good depth, held well above the foliage on stiff stems. An early and profuse bloomer. $5.00 each.

KEMP'S VIOLET WONDER—One of the best violet colored Dahlias to date, being a rich napthaline violet with an underlying tone of royal purple with bluish lavender reverse. Flowers of perfect form and massive proportions attaining a diameter of 10 inches or more and a depth of 6 and 7 inches. Long, stiff stems 10 to 14 inches above the foliage. Plant a strong vigorous grower of wide spreading habit and a prolific bloomer; a good tuber producer. Foliage bright green, tough, healthy and practically insect proof; height, 6 to 7 feet. Prize winner. $10.00 each; plants, $5.00.

KENTUCKY (Wigginton)—A brilliant light salmon orange shading to orange yellow at the base and deepening to grenadine pink on outer petals. It is a sport of Jersey Beauty credited with all of its habits and practically blight and stunt proof. Flower is larger than Jersey Beauty and a real delight in every respect. Tubers $15.00; plants $8.00.

KING OF AUTUMN—A well known favorite Dahlia of rich autumn shade; one of the best kind of Dahlias for cut flowers, being an early, free and continuous bloomer with good stems and a good keeper. 40c each; 3 for $1.00.

KING TUT—One of Jessie Seal's 1926 originations; an extra large blossom of rich dark velvety glowing crimson burgundy; of fine formation and full centers throughout the season. The large blooms of great substance are held high above stock on extra long stiff stems; medium tall bushes. A prize winner at many shows. $2.50 each.

KITTIE DUNLAP—Large flowers well shaped of good substance carried on long, strong stems. Color of the American Beauty rose; a great favorite. 75 each; 3 for $2.00.

KIWANIAN (Ballay)—Bright velvety scarlet, the bloom is very large and deep. Broad petals artistically waved and curled, with full centers. Plant of medium height. The flower is held upright on the stem. The official flower of the Kiwanis Club of San Jose, Calif. $8.00 each.

LANE (Winter)—This decorative is a strong vigorous grower, branching well with good stems. Large flowers of great substance, and its color is a rich mahogany. $1.00 each; 3 for $2.75.

LA FRANCE (Ballay)—Pale rose pink, varying slightly from the color of the La France rose. Large blooms regularly formed. Responds especially to fertilizing. $5.00 each.

LAVENDER GEM (Fisher & Masson)—A pure lavender, not orchid color; a thick decorative with broad petals terminating in full point, with a very tight center. One of the first in the field to bloom, and plants still laden when frost comes. Stem is long and rigid; foliage dark green and leathery. $7.50 each; plants. $3.75.

LILLIAN BALDWIN (Danker)—A beautiful cut flower with color between rose pink and crushed strawberry. Winner of the Darnell Cup for best keeping variety at A. D. S. Show in New York in 1926 and 1927. Certified at A. D. S. Trial Grounds at Storrs, Conn. Fine, long, clean stems. $2.50 each.

LOLO DEFERIS (Winter)—An extra fine vigorous growing Dahlia producing a profusion of very dark velvety flowers. Good stems, good foliage and a good keeper. 75c each; 3 for $2.00.

LOTUS—A most lively orange with an iridescent metallic lustre which makes the flower stand out. Is of good size and resembles a water lily in shape. Is grand for a garden decoration and a glorious cut flower, showing up particularly well under artificial light. 40c each; 3 for $1.00.

LOU. DIAZON—A strong vigorous growing plant, disease and insect resisting, bushing well and holding large flaming scarlet red flowers well above the foliage. An old favorite both as a garden and cut flower variety. 40c each; 3 for $1.00.

MABEL SNYDER (Sunnside)—This variety of strong, tall plants is covered with very large flowers composed of broad pointed petals and reminds one of a pond lily. Stems are long, straight and wiry, holding flowers which are a soft shade of strontian yellow, outer petals overlaid with soft yellow, with a pale rosaline purple reverse. $1.00 each; plants, 60c.

KENDAL DAHLIA GARDENS—Massillon, Ohio 14
MADAME LA ROSE (Ballay)—Rose red with a suggestion of cerise; shape, a perfect oval and full, branching well laterally. It is good both as a cut flower and a garden variety. $10.00 each.

MADAM LUMIER—Showy white tipped with lavender. Vigorous grower; early and free bloomer throughout the season; good stems. 40c each; 3 for $1.00.

MARCELLA GILL (Gill)—Extra early, unusually productive, and an unusually good cut flower. Long, wiry erect stems, with delightful soft sea shell pink flowers in lighter tones of soft pink. 40c each; 3 for $1.00.

MARGARET MASSON (F. & M.)—A 1924 introduction which is becoming more popular among the best decoratives. Color is a beautiful silvery rose pink flower of great depth and size; free bloomer, wonderful exhibition variety, good keeper; Award Certificates. $1.50 each.

MARGARET WOODROW WILSON (F. & M.)—Another 1924 introduction making good everywhere; it is an exhibition type decorative of large size and great beauty. Color is an opalescent pink; face of petals, creamy white; reverse, phlox pink. Strong upright stems; dark green foliage, medium height. Certificate Awards and a prize winner. $2.50 each.

MARIE LOUISE SHADE (Winter) — Named by Mr. Winter for his mother. It is a good grower, bushing well, having large flowers and good stems. It has long pointed petals of a delicate lavender and white color. 75c each; 3 for $2.00.

MARJORIE LEIGH (Sunnyside)—A very tall plant, strong and sturdy, of upright growth, with glossy foliage of a medium shade of green. Upon this plant you find a mass of beautiful Dahlia blooms, large in size; fine in form; long, straight, stiff, erect stems; the bloom having the softest shade of jasper pink, tinted with a pinkish buff and a reflex of rich begonia rose which shows up just as beautiful under artificial light as in the sunlight. $1.00 each; plants, 60c.

MARMION (Tyler)—A massive exhibition flower of pure golden yellow with bronze suffusion on reverse of petals and a deeper bronyz tone on the high center. The stems are good, holding the immense blooms gracefully above the sturdy, well bushed plant. $3.00 each.

MARTHA KEMP (Kemp) — A refined, beautiful Dahlia of warm buff shading to apricot yellow at base of petals. Flowers, 8 inches in diameter and 6 inches deep; not shedding its petals either on the plant or when cut makes it particularly desirable for decoration. The plant is a strong, healthy grower of 6 feet and over, a prolific bloomer, good tuber maker. $10.00 each; plants, $5.00.

MAY TROWER (Seal)—A huge, deep, most artistic flower, ranging and varying in color from palest gold to deep golden apricot, with an occasional flower tipped white, hardly any two blooms are the same. Stems are long, stiff and rigid, holding blossoms proudly erect in spite of their great size. It is an excellent garden, exhibition and cut flower, with great depth and substance, and rich beautiful blending of colors. Prize winner. $7.50 each.

McCULLOUGH—One of the old favorites. A rich yellow and red variety which blooms best in the late fall. A good cut flower and garden variety. 35c each; 3 for 90c.

MILLIONAIRE — An immense flower whose color is a dainty lavender with a pink sheen overcast and shading to white in the center. A free grower and free bloomer. 75c each; 3 for $2.00.

MISS FREEMAN—A large, perfectly formed decorative; flowers of a pleasing shade of salmon orange with peach-red suffusion. A strong, large vigorous growing plant, bushing well, producing long stems, and with little disbudding, large flowers. The center, or terminal bud, should be removed. One of the most pleasing autumn colored Dahlias in the garden. 50c each; 3 for $1.35.

MONMOUTH BEAUTY (Kemp)—A seedling of Amun Ra whose flowers are very large and full, and of a rich salmon-orange of lustrous metallic golden sheen, borne on long stiff stems high above the foliage. A sturdy grower 7 to 8 feet high and quite prolific. $5.00 each; plants, $2.50.

MONMOUTH GEM (Kemp)—Large, full centered, well formed Dahlias of brilliant metallic orange color; flowers held high above the foliage on extra long stems on a vigorous strong growing plant. Very resistant to insects. $4.00 each; plants, $2.00.

MORDELLA (Kemp)—This flower, averaging 9 inches across, and held well above the foliage on long, stiff stems, is of a beautiful bright shade of apricot buff. A vigorous grower and free bloomer. An Honor Roll Dahlia and prize winner. This Dahlia is of a pure autumn color, showing especially well under artificial light. $2.00 each.
MOTHER MACHKEE (Ballay)—Cream or ivory white with a touch of pink at the center. Great big flowers on tall stocks. $10.00 each.

MRS. ALFRED B. SEAL (Seal)—A soft rich shade of absolutely pure glowing old rose without any shading. Huge flowers of great depth and substance and held proudly erect on a tall bush on long stiff stems. Tested for several seasons, is introduced and offered to the public in 1929 as one of the largest and finest pure rich glowing old rose dahlias produced. A prize winner. Plants only, $12.50.

MRS. CARL SALBACH—A well known California variety with long stems, known everywhere. It is largely used in decorative work; a large flower of a bright lilac pink shading lighter at base of petals, sometimes described as mauve pink. We recommend it for any garden. 40c each; 3 for $1.00.

MRS. EDWARD W. WINSOR (Fisher & Masson)—An immense exhibition type decorative composed of many narrow petals which are serrated at the points, giving a fluffy appearance. Color, golden old rose. Flower held high above dark green leathery foliage on tall plants; excellent stems and a free bloomer. Certificate of Award. $10.00 each; plants, $5.00.

MRS. F. I. DE VER WARNER—Another favorite everywhere. Orchid pink. Very large, extra stem, strong grower, free bloomer. Sure to please. 75c each; 3 for $2.00.

MRS. J. T. SCHEEPERS (Marean)—A grand old dahlia, one of the largest and most beautiful grown. A perfect monster on stout stems. Color, canary yellow with a beautiful pink suffusion and produced with great freedom. 75c each; three for $2.00.

MRS. JOS. C. MERAN—A strong, vigorous, free growing plant, bearing good flowers on long stems. Color, old rose and gold. A free and continuous bloomer. 75c each; 3 for $2.00.

MRS. ROSE K. DARNELL (Sunnyside)—A rich luminous old rose, tinted throughout on the reverse a soft tourmaline pink; an easy growing, medium height, free and open plant, and a profuse bloomer with extra strong and long stiff stems. The bloom has at all times, thick, full, centers. $2.00 each.

MRS. WELLESLEY—A splendid cut flowering Dahlia; color, white, tipped crimson, very showy, free flowering on good stems. 35c each; 3 for 90c.

NANCY SUE LANG (Success)—Immense starlike flowers; red tipped gold; a very large and strong grower, whose habit of plant is dwarf and very robust. $5.00 each.

NATURE’S MASTERPIECE—A rich combination of old rose, cinnamon and metallic bronze blended into one color, suffused with mulberry. Large flowers on good stems. $4.00 each.

NETAWKA (Success)—Orange yellow, base shaded to a jasper red, reverse of petals bright carmine, which, because of twisted petals, is very much in evidence. Flowers are very large, borne freely on good stems on medium tall plants. $10.00 each; plants, $5.00.

NOBILIS—Startling combination of scarlet and white; sport of Earl Williams, which it resembles except that the white predominates. A real exhibition and commercial variety. 75c each, three for $2.00.

NOTTINGHAM BEAUTY (Kemp)—A combination of true purple with white tipped petals; thick, fluffy flowers of medium size and very strong, vigorous plants reaching a height of 8 to 10 feet. Very attractive in the garden. $3.00 each.

OHIO GIANT (Winter)—A strong, vigorous growing, well bushing plant, producing beautiful rosy tan flowers, 8 to 10 inches in diameter, on long, stiff stems. Plants, 6 to 8 feet high. Free flowering, good tubers. $5.00 each; plants, $2.50.

OREGON BEAUTY—Remarkable for its large size and beauty of color, an intense oriental red with golden sheen and garnet suffusion, which makes it stand out boldly in the garden among all the others. It bloomed in our garden last year in six weeks after planting and continued until after frost. 40c each; 3 for $1.00.

OUR COUNTRY—A giant Dahlia on tall slender stems for blooms of its size. Petals are solid purple tipped evenly with white for one-half to one inch. $1.50 each; 3 for $4.00.

OYSTER BAY BEAUTY (Chemar)—Large, rich, dark velvety red flowers covering a vigorous growing plant on long stems and blooming all the season. $3.50 each.

PAINESVILLE (Winter)—Large lavender and white flowers growing on a medium
plant of vigorous growth with good bushing habit. It is a very popular cut flower variety where known, because of its good keeping qualities. 75c each; 3 for $2.00.

PARADISE FOUND—A large flower of great depth always singled out because of its beautiful bright canary yellow color; blooms freely and early on good stems; comes in open center at times, and is sometimes classed as peony. $1.25 each; 3 for $3.00.

PAUL MICHAEL—One of the sensational large exhibition Dahlias; it always attracts attention, and has twice been awarded prizes as the largest flower at California shows. Petals quilled at base, curled and twisted; color, pure gold shaded orange buff at center. A bushy plant, blooms early, freely and continuously. 75c each; 3 for $2.00.

PEACH BLOW—An old time cut flower variety of lavender pink on good stems and a good keeper. 40c each; 3 for $1.00.

PERRYITE (Winter)—A very popular Dahlia in Northern Ohio where it has been tried out thoroughly. Plant is large and bushy, sending out long stems on which are large tan and yellow flowers with a slight cast of pink. With disbudding, flowers are 8 to 10 inches in diameter on 15 to 20 inch stems. Without disbudding, the whole plant is a mass of very showy flowers. $1.00 each; 3 for $2.75.

PINK PERFECTION—A pink flower of giant size of the form of Hortulanus Fiet. A very perfect decorative held on stiff stems, and free flowering. It is a beautiful shade of salmon pink with old rose suffusion, illuminated by a lively golden sheen that dazzles. The plant is not tall but bushes well and the flower is held upright on wonderful stems. 75c each; 3 for $2.00.

POLAR BEAR—A splendid pure white Dahlia. Very large flowers on good stems. A good bushy plant with excellent foliage. Suitable for garden or exhibition purposes. 75c each; 3 for $2.00.

POLAR SNOW—One of Marean’s $50.00 white Dahlias which grows to be one of the largest, deepest and most attractive white Dahlias, if grown rightly, for exhibition. $2.00 each.

POLAR STAR—A large white used by florists on account of its good substance, long stems and good keeping qualities. 75c each; 3 for $2.00.

POP STEWART—A remarkable flower of giant size. Color, lilac lavender pink. A prize winner and recommended as one of the finest Dahlias with great stems, somewhat dwarf, but free bloomer. $1.00 each; 3 for $2.75.

PORTHOS—Sparkling deep red flowers of magnificent size and even form. A robust, healthy grower, fine stems, free and profuse bloomer. (See color sheet insert.) $1.00 each; 3 for $2.75.

PRINCESS JULIANA—One of the best early white Dahlias and used by florists for cut flowers and decorations. 25c each; 3 for 65c.

PRIDE OF CALIFORNIA—An extra large fine flower, borne on long stems; very large and full, viv’d red. Especially fine for cutting. Without doubt one of the best of the red decorative. A vigorous grower and a very free bloomer. 60c each; 3 for $1.50.

PRIDE OF STRATFORD (Success)—A large two tone orange variety with a very deep reverse. Long, sturdy stems and a free bloomer on a good vigorous growing plant. $3.00 each.

PRIDE OF WINTERHAVEN (Winter)—Coral pink, old gold and yellow, blooms early and free; is somewhat open centered in extreme dry weather and late in the season. Makes a good cut flower on account of fine stems, substance and good foliage. 50c each; 3 for $1.25; 12 for $3.50.

PRIMULA REX—A giant decorative type of primrose or light cream throughout. The flowers are massive and freely produced on rigid stems. We recommend this one. $2.50 each.

QUEEN OF THE GARDEN BEAUTIFUL—An enormous primrose yellow decorative. A strong vigorous grower with long, straight, tough stems. A California prize winner of pre-eminent merit and as largest flower in the show, measuring 12 inches across. A fine keeper. $2.50 each.

QUEEN OF NORTH MENTOR (Winter)—A ball yellow free flowering variety, standing dry weather well. Has been much chosen as a cut flower on account of its good stems and good keeping qualities, and is an exceedingly pretty garden variety. 50c each; 3 for $1.25.

REGAL (Bessie Boston)—One of Miss Boston’s biggest introductions and prize winners, winning Gold Medal in 1926, Western Horticultural Silver Cup in 1927, as well as many prizes. Ten and 12 inch blooms are usual instead of the exception. The Regal is not only an immense bloomer, but also a free bloomer. It
blooms early, producing big flowers, and the late flowers are very, very large. Color is a bronze heavily suffused with full old rose and shading to gold at the base of petals, giving the effect of burnished copper. $20.00 each; plants, $10.00.

RIVERTON GEM (Dreer) — Old rose with copper suffusion; a vigorous, robust, healthy growing plant producing beautiful blooms early and continuously, with perfect centers to the end of the season. Flowers are noted for perfection of form, perfect stems and good size. 75c each; 3 for $2.00.

RIVERTON GOLDEN GLOW (Dreer) — Another Dreer introduction carrying perfection of form, fine stems on a vigorous, healthy plant, blooming early and freely throughout the season. This plant most noticeably withstood the late dry season of 1928, and also came through the first frost without being touched, when other plants around it were hit hard. Color is a rich, deep yellow. 75c each; 3 for $2.00.

RIVERTON ROSEMALLOW (Dreer) — A beautiful mallow pink with lighter suffusions. Another Dreer introduction having all the good qualities for a satisfactory garden and cut flower. 75c each; 3 for $2.00.

ROOKWOOD — A pleasing shade of cerise rose which continues throughout the season on heavy, vigorous but dwarf plant, unusually free flowering, which comes into bloom early and produces perfect flowers throughout the season. $1.00 each; 3 for $2.75.

ROBERT SCOTT (Dahlia del) — Very beautiful apricot yellow with rose shades; large, well formed flowers, long stems and free bloomer. $2.50 each.

ROBERT TREAT — American Beauty rose color, instantly attracting attention; an outstanding new variety. Plants are of profuse blooming habit; size is large and stems are long and strong. $1.25 each; 3 for $3.25.

RODMAN WANAMAKER (Peacock) — One of the strongest growing varieties, producing large flowers on long, strong stems. Buds are a pale yellow, but as the flower expands, it develops into a bronzy salmon pink with yellow center, which is of the true peony type. Ten inch blooms are very usual. $2.50 each.

ROSE FALLON (Harding) — Giant old gold decorative, finest form and type, excellent stems which carry the enormous flowers quite erect. Most outstanding variety in 1925 New York Show. A little difficult to grow but not impossible. $2.50 each.

ROYAL GOLD — A wonderful free bloomer with flowers of good size of deep rich yellow, shading to the center in a luminous tone of golden amber. Very early, continuing free with full centers throughout the season. 50c each; 3 for $1.35.

SAGAMORE — New exhibition variety of high rank, rare size, perfect form and good stems, always a good commercial variety, blooming freely and keeping well after cutting. Color, a pleasing shade of amber gold, deepening at center. 75c each; 3 for $2.00.

SAMPSON — Color, yellow, tipped and shaded red in a beautiful manner. A perfect Dahlia in the garden, for exhibition, or for cutting, and always a large fine flower. $1.00 each; 3 for $2.75.

SANHICAN'S BEAUTY (F. & M.) — A new introduction whose petals have the texture of a rose, and whose coloring resembles the Madam Edouard Houriet rose. It is a well formed exhibition variety with evenly massed rounding petals. Excellent for cutting on account of the long, rigid stems and gorgeous color; free bloomer. Foliage dark green and insect proof. $7.50 each; plants, $3.75.

SANHICAN'S BLUEBIRD (F. & M.) — A near blue bloom of gigantic proportions and perfect form, whose outer petals at maturity are bright violet blue, while the center retains the violet tint. $2.00 each.

SANHICAN'S DELICE (F. & M.) — A stag horn petal decorative of great depth and a true deep pink with an almost imperceptible salmon glow in the center. Coloring very much as the old time favorite Delice, but of much larger size; free bloomer; stem like a cane and an excellent keeper when cut. $4.00 each; plants, $2.00.

SANHICAN'S GEM (F. & M.) — Color is a delightful shade of old rose, thickly suffused with amber when flower is young; as the flower matures it is a clear old rose with a sheen which glints in the sunlight. A winner of award, high scores and prizes. $2.00 each.

SANHICAN'S GOLD (F. & M.) — An exhibition decorative of pale orange yellow with broad petals at base terminating in points. Stems straight and stiff. Medium to tall habit of growth. Dark green foliage, profuse bloomer, fine cut flower. $1.50 each.
SANHICAN'S KING (F. & M.)—A bright tawny gold, exhibition decorative shading to a bronze center; shows up a beautiful apricot under electric light. Very tight centers; stems, slender, black and stiff; tall growing plant. Excellent keeper when cut, as back petals still good when flower is fully matured. $2.00 each.

SANHICAN'S MAGNATE (F. & M.)—One of the big fellows of the Dahlia kingdom. Pale amaranth pink, base of petals tinged with a deeper shade; reverse of petals a solid claret color heavily veined. Free bloomer, stiff stems. Medium height plants, dark green foliage. A prize winner with awards. $2.50 each.

SANHICAN'S MONARCH (F. & M.)—A dazzling exhibition Dahlia of deep Tyrian rose color at center shading to lighter tone at point of petals. Full centers early and late. Free bloomer, having dark green foliage, black canelike stems, holding flower perfectly out of the foliage on medium tall plant. Good keeper. $1.50 each.

SANHICAN'S NECTARINE (F. & M.)—An irregularly shaped decorative, golden rose, reverse a deep old rose, faintly tinted with the beautiful colors seen in a ripe nectarine. An early and extremely free bloomer. Flowers of medium size, held perfectly upright on long, stiff stems. Dark green leathery foliage. $2.50 each.

SANHICAN'S NYMPH (F. & M.)—Very large decorative, combining size and beauty; a solid high built flower with full center whose color is a beautiful, rich primrose yellow with the reverse of the petals faintly touched with fawn-rose. Perfect stems and a medium tall habit of growth. Plants, only, $3.75 each.

SANHICAN'S PEACH (F. & M.)—A fluffy decorative of good size, exactly the shade of a ripe California peach with a real peach cheek glow. The petals are oddly twisted with staghorn t.p.s. Rich dark green foliage; upright, straight stems; good habit of growth. Plants, $2.50.

SANHICAN'S PRINCESS (F. & M.)—A beautiful decorative suitable for cutting and indoor decoration. Color, a true shrimp pink that will blend with almost any other color. An early and profuse bloomer, medium size. Fairly stiff stem; Good habit of growth. Medium to tall plants. Certificate of merit awards. $1.50 each.

SANHICAN'S PURPLE (F. & M.)—A true purple, full centered, regularly shaped Dahlia of great keeping qualities, either on the plant, the exhibition table or in the vase. Of tall growing habit; flowers held well above the foliage on long, black, rigid stems. Foliage, dark green and leathery. $4.00 each; plants, $2.00.

SANHICAN'S QUEEN (F. & M.)—A Dahlia of unusual color, described as honey-dew, which is a blending of apricot with a faint blushing of carmine rose, deepening towards the center. Grows 7 to 9 inches in open field on a plant of medium height and excellent habit of growth. Most desirable for exhibition and cutting. Good keeper. $2.50 each; plants, $3.75.

SANHICAN'S RUBY (F. & M.)—Color is a deep shade of pigeon's blood, suffused with bronze. Thickly massed, fluffy and pointed petals form a very full flower. Certificate of Merit and Award with high score; an exhibition variety. $1.00 each.

SANHICAN'S SUNRISE (F. & M.)—A beautiful autumn colored decorative with evenly placed pointed petals of orange-buff, with a rosy hue at the point of petals. Profuse bloomer; stems long, slender and stiff. Dark green foliage; medium to tall habit of growth. $1.50 each.

SEAL'S CALIFORNIAN (Seal) — Bright golden yellow at the center shading lighter toward the outer petals and tips of which are suffused very lightly with a bronze rosy pink blend beautifully. Stems are absolutely perfect, being strong, stiff and canelike and holding the flowers in a proud and showy manner. This dahlia is large, bold and immensely attractive. A 1929 origination winning many prizes. Plants only, $5.00.

SENORITA—A gigantic showy flower, long pointed petals, on a fine stem. Color is velvety crimson with scarlet suffusion; one of the finest and largest from California. 60c each; 3 for $1.50.

SEQUOIA GIGANTEA—A very large buttercup-yellow lightly suffused red cutting and exhibition Dahlia; strong grower, free bloomer, good stems. 75c each; 3 for $2.50.

SHENANDOAH—Deep terra-cotta, a fine cut flower variety which shows up well in decorations, especially in autumn colors. 50c each; 3 for $1.35.

SHOWER OF GOLD—Golden bronze, petals of chrysanthemum type; long stems; much used by florists as a cut flower. A good garden variety. $1.00 each; 3 for $2.50.

SHUDOW'S LAVENDER—A beautiful lavender of exquisite coloring, fine flowers held on long stiff stems well above the foliage. Good grower and very popular. $1.00 each, three for $2.75.

KENDAL DAHLIA GARDENS—Massillon, Ohio
KENDAL DAHLIA GARDENS... Massillon, Ohio
KENDAL DAHLIA GARDENS

On the opposite page are some views of Kendal Dahlia Gardens during the growing season of 1928. You will note that many of the Dahlias are higher than the five-foot stakes which supported them. At the first of September when this picture was taken, only a portion of stakes had been set.

Our gardens lie on a hill one-half mile north of Massillon's north corporation line, out Amherst Road, Northeast. Thousands of people visited them during the 1928 blooming season and hundreds left their orders for 1929 spring delivery. Frost does not usually destroy the flowers in our gardens until the end of October.

Our gardens in 1929 will contain about twelve acres, including the ploughed portion in the left hand upper corner of the picture next to the bottom, which was sown to rye last fall and which will be turned under the first of May for humus and fertilizing. Our soil is a medium light sandy loam with some clay, is not especially fertile, showing that Dahlias do not need an especially fertile soil for satisfactory results. Our own growing proves it.

Kendal Gardens will contain more than three hundred new, standard, and prize-winning varieties in 1929. Five thousand plants from seed will be tested for new meritorious originations. Here we will further test our own previous originations as well as Dahlias from other sections and other countries before introducing or listing them. Here we will experiment by hybridizing or crossing certain varieties for our own knowledge and results.

If you are touring through this section on the Lincoln Highway or Route 21, do not fail to stop and see Kendal Gardens, especially in September and October when our Dahlias are at their best. Visitors are always welcome.

A window display of some Dahlias originated from seed in Kendal Dahlia Gardens, none of which have yet been introduced. Are they not pretty?

KENDAL DAHLIA GARDENS—Massillon, Ohio
SITKA—Large exhibition type of clear yellow; free flowering, good stems, good keeper. 25¢ each; 3 for 65¢.

SNOWDRIFT—This giant white bloom deserves its name. A very full deep built flower with broad waxy petals. Has a good stem by disbudding. Good bloomer and easy to grow. 75¢ each, three for $2.00.

SOUV. DOAZON—A very large flaming scarlet red flower on vigorous, tall growing plants with good stems, and excellent foliage. An early and free bloomer throughout the season with an occasional open centered bloom. 40¢ each; 3 for $1.00.

SPOTTSWOOD BEAUTY (Kemp)—Clear Chatenay pink with slight shading of yellow at base of petals. Seven to eight inch flowers of great depth are borne on long canelike stems high above the foliage. A remarkably strong growing plant attaining a height of seven to eight feet. Prolific bloomer and good tuber maker. $7.50 each; plants, $3.75.

STUNNER—A large refined flower on stout stems, quite erect. Color, pure canary yellow; much admired. 60¢ each; 3 for $1.50.

SYLVA—A good old pink and white; good cut flower and still retains many friends. Good stems, good keeper; easy to grow under all conditions. 25¢ each; 3 for 65¢.

THE GRIZZLY—One of the finest. Color, dark velvety crimson maroon. An immense flower that blooms freely on good stems; should be in every collection. $1.00 each; 3 for $2.75.

THE PERFECT WHITE (Broomall)—Color is just what its name implies. Flower very artistic in formation and satisfactory from every point of view. $3.00 each.

THE WORLD (Dahliadel)—An unusually rich deep rosy magenta overlaid scarlet with silver shadings on edges of petals. A rich and beautiful combination. Perfect, full centers. Stems are strong and erect, foliage leathery and immune to insect injury. Stock limited. $10.00 each; plants, $5.00.

THOMPSON—A fine red decorative used extensively as a cut flower and for garden purposes. 75¢ each; 3 for $2.00.

TOMMY ATKINS—A beautiful glowing scarlet Dahlia of large size and fine form held well above the plants on long straight stems. The plants are vigorous growers and prolific bloomers. This variety calls forth admiration everywhere. $1.00 each.

TRETONIAN—Giant blooms on extra fine stems. A plant of medium height bushing heavily and growing vigorously. Very heavy foliage. Color is a blending of reddish bronze, old gold and amber copper, and is best described as the color of "Indian Skin." A fine California autumn coloring. $1.50 each; 3 for $4.00.

TROPHY (Ballay)—Bright old gold, dainty flowers of good size, especially good for cutting on account of color, stem and keeping qualities. November blooms are quite as good as first blossom in July. $2.50 each.

UNCLE REMUS (Broomall)—Rosy purple, large flowers on strong stems; an extra strong grower. $3.00 each.

VALESKA (Ballay)—Deep lilac, unlike any other Dahlia; immense blooms of a deep roselike formation with petals slightly curled; first class stem; luxuriant growth; prolific bloom production. $7.50 each.

VENUS (Marean)—Cream white tinted lavender, medium size, good stem, dwarf growth, free and profuse bloomer from early season until late with full tight centers throughout the season. (See color sheet insert.) 75¢ each; 3 for $2.00.

VOLITA—A yellow overlaid rose Dahlia much used as a cut flower on account of its good stem, harmonious coloring and good keeping qualities. 50¢ each; 3 for $1.35.

VONRAIN—A new Dahlia of the same color as Our Country; deep purple with white tips, never sporting to solid color. Immense flowers are held erect on long, stiff stems. Early and free bloomer. $2.00 each.

WALDHEIM SUNSHINE (Peacock)—A giant, graceful Dahlia, one of the best. A true deep yellow that will show up yellow under artificial light. Reflex is darker and there is a rich golden suffusion around the beautiful, high center. Good bush growth; strong and erect stems. A sturdy grower and a free bloomer with full centers to the end of the season. Blooms often 10 inches in diameter, 4½ inches deep; bush 5 to 6 feet in height. A cut flower, garden or exhibition variety with Certificates of Merit and high score and a prize winner. $10.00 each; plants, $5.00.

KENDAL DAHLIA GARDENS—Massillon, Ohio
DECORATIVE AND HYBRID-DECORATIVE DAHLIAS

WATCHUNG SUNRISE—Large globular shaped flowers with petals extending back to stem when in full bloom. The background of color is amber with here and there a faint blush of salmon, and each petal, when it unfolds, has a definite band of salmon color. It has perfect stems, good foliage and is outstanding. $6.50 each; plants, $3.25.

WESTERN GIANT—One of the largest dahlias grown, 12-inch blooms without disbudding grown on very ordinary soil without forcing. Color is very bright orange with tints of gold, reverse of petals being salmon rose. A wonderful dahlia which will be a prize winner in the Bloom Sweep Stake class. Long, strong stems, holding the big blooms up to look you in the face. Plants only, $8.00.

WILLIAM AGNEW—A true old scarlet variety growing well under any condition. It is the parent of Oregon Beauty and Adaline Winter and keeps well apace with its brilliant daughters. A good cut flower as well as a good garden variety. 50c each; 3 for $1.35.

WILLIAM H. HOGAN (Success)—Color, garnet red with white tips running down the center of the petals; every petal comes true to color. A prize winner and Roll of Honor Dahlia, and one of the best fancy Dahlias on the market. The habits of the plant are perfect, and the very large blooms are carried on very long, rigid stems. $7.50 each.

WILLIAM SLOCOMBE—A large deep yellow Dahlia which does well under many conditions. A splendid garden and cut flower variety. Good stems. $1.00 each; 3 for $2.75.

WINONA (Ballay)—Purplish lavender, sometimes described as amethyst. Plant rather dwarf, but flowers are large, very ornamental in a garden, and desirable from every point of view. $3.50 each.

WIZARD OF OZ—A veritable giant of glowing amber pink or soft salmon shades. The immense blossom is held well above the foliage on a fine upright stem. In some localities it has a slight tendency toward cactus type. Valuable for exhibition as well as a cut flower. $1.50 each; 3 for $4.00.

YELLOW BEAUTY (Waite)—A new yellow decorative expected to be as popular in the yellow class as Jersey Beauty is in the pink class. Primarily a commercial Dahlia, it can be grown to exhibition size. It has the long, free branching habit of its parent, the Jersey Beauty. Many of the blossoms are 9 inches across and from 4 to 5 inches deep. Plants pinched once or twice will carry 8 to 12 perfect blooms 6 inches or over in diameter. The stem is more slender than that of the Jersey Beauty, yet always erect and at proper angle for vase work. $15.00 each.

YELLOW COLOSSE—A large deep golden yellow, free flowering Dahlia with good stems and good habit of growth; much used for cut flowers. 40c each; 3 for $1.00.

GROW DAHLIAS FOR PROFIT

If you have a patch of ground that has 1200 or more square feet in it, we can furnish you with your dahlias and give you full instructions how to make your dahlias pay you a handsome income with small work. It does not take much to start you.

If interested, write us, and we will tell you how without cost to you.
CACTUS AND HYBRID-CACTUS DAHLIAS
Abbreviated "Cac." and "Hy.-Cac"

Quotations of all Cactus tubers are for strong field grown divisions each with one or more good eyes, guaranteed to grow, each tuber labelled.

ADDA PATTERSON (Kemp) — One of the best white hybrid cactus to date. Flowers pure white, averaging eight to nine inches in diameter. A beautiful growing plant reaching height of seven feet. Large blooms held well above the foliage on stiff stems growing four to five feet in length. A splendid keeper and fine for exhibition and decorative purposes. An all around white Dahlia. $3.50 each.

ADELLE C. LORBEER (Success) — Pure bright red, medium large, flowers on fine stem, does not bleach in hot sun. Keeps well as a cut flower and is a good vigorous grower. $3.00 each.

AGER — A reliable scarlet; bush of medium height, flowering early, freely and continuously. Good stems. 25c each; 3 for 65c.

AJAX — An extra large scarlet red cut flower variety. Good for decorating and a good keeper. 50c each; 3 for $1.35.

ALICE WHITTIER (Reed) — A very delicate shade of primrose yellow, exhibition size flowers and especially deep; stiff stems and good habit of growth. Many certificates of awards at trail gardens and a prize winner. $2.50 each.

ALIGHT — A medium sized flower on good stems. Color: Deep lilac. Fine for garden and cutting. A good keeper on satisfactory stems. 25c each; 3 for 65c.

ALVERINE (Success) — Salmon pink. Large flowers on good stems. Its color is much admired and different. $2.00 each.

AMBASSADOR — A beautiful prize winning Dahlia whose color is a soft yellow center with salmon, amber and pink shading, gradually deepening toward the tips and outer floral rays. Has won prizes for the largest in the show. When originally introduced, sold for $50.00 per bulb. $1.00 each; 3 for $2.50.

AMBER GLOW — Buff yellow. A medium height plant growing vigorously, branching well, carrying medium sized flowers on good stems. A fine, early and continuous bloomer and a good keeper. Satisfactory in every way. 50c each; 3 for $1.35.

AMERICAN MAID (Sunnyside) — Flame scarlet suffused with dull gold. A very desirable Dahlia growing free and open plant that bears bloom in great abundance the entire season. Flowers are of fine form, large, having full centers until frost. Stems strong and wiry, holding the blooms up in a graceful manner without drooping. Fine for cutting and a grand keeper. $5.00 each; plants, $2.50.

ARTHUR R. GEMBERLING (Sunnyside) — Clear and lively piric yellow, delicately veined, on the reverse side soft thulite pink showing up pure yellow under artificial light. Plant is a strong robust grower with large dark green foliage. Flowers are composed of long narrow petals produced in great abundance on extra strong stems stiff as a cane. $1.50 each.

ATTRACTION — Clear lilac rose or orchid pink. Blooms erect on long bare stem; a large splendid flower of beautiful form and color and one of the most popular. 50c each; 3 for $1.35.

BALLET GIRL — Soft orange scarlet marked with pure white. One of the best of the cactus varieties. A beautiful large flower of perfect form. Good for cutting and a good keeper. 50c each; 3 for $1.35.

BEDINA — Yellow with red suffusion, medium sized; free and continuous bloomer on good stems. A garden and cutting variety. 30c each; 3 for 75c.

BERTHA HORNE — Deep orange yellow tinted with apricot, the latter predominating in many of the flowers. Bush is of large low growth, flowers being produced very freely on ideal stems. A good keeper and a standard florist's Dahlia the country over. A Certificate of Merit award. 40c each; 3 for $1.00.

BOB PLEUSE — Darkest maroon boldly tipped white. Large flowers freely produced on dwarf bushes. Very popular and a good keeper. 75c each; three for $2.00.

BRIDE'S BOUQUET — An ideal pure white cactus on extra long stems, wiry and erect. An excellent keeper and a very free bloomer. Flowers medium in size and excellent form. 40c each; 3 for $1.00.

CALIFORNIA BEAUTY — The nearest approach to a pure copper of any Dahlia we have seen. Flower of excellent form and dainty appearance, producing most prolifically on long stiff wiry stems. The plant is of medium height, branching well;

KENDAL DAHLIA GARDENS — Massillon, Ohio
which, with its bright coppery colored flowers makes it a gem in the garden. A splendid cut flower and a good keeper. 50c each; 3 for $1.35.

**CAMILLE (Ballay)** — Flesh pink shading to cream, rather coarse petals, good stem. Likes plenty of sun. $3.50 each.

**CHEMAR'S MASTERCPE** — A huge incurved cactus flower of orchid pink or soft orchid color. The flowers are extra large, of perfect form under most conditions, having the right tilt on extra long stems to show their beauty to the best advantage. A seedling of Mrs. I. De Ver Warner. Ten inch flowers in abundance is not unusual. $7.50 each.

**CIGARETTE** — Creamy white, heavy edged; orange with color variations. Some flowers come in orange red, no two alike. Petals are long and narrow, inclined to roll. Blooms large, of good substance, on excellent stems. Good for cutting. Plant six feet and over. 75c each; 3 for $2.00.

**CITY OF NEW YORK (Harding-Scheepers)** — Bright golden yellow shading to lighter yellow toward the end of the petals which are delicately tipped in rose. A 1929 introduction from original Judge Marean stock. Stock limited. $15.00 each; plants, $7.50.

**COLONEL CHARLES A. LINDBERGH (Fisher & Masson)** — Beautiful rose overlaid in suffusion of old ivory shading off to pale gold at center. Reverse of petals light carmine pink, very large on rigid and straight stems with dark green foliage. Medium to tall habit of growth, a free bloomer, being one of the earliest in the field and blooming continuously until frost. An exceptionally good cut flower variety. $7.50 each; plants, $3.75.

**CONQUISTADOR (Ballay)** — Soft creamy yellow shading to a glowing pink at the base of petals, which gives the flowers the appearance of being illuminated from within; a massive flower on tall growing plants on which four foot stems can be cut. Petals broad and deep; a good keeper in wind, sun or moisture. $10.00 each.

**CORAL GEM (Broomall)** — A most attractive shade of soft pink, flowers are medium size, held erect on good stems. A very desirable cut flower of good habit and a free bloomer, height five feet. $1.50 each.

**COUNTESS OF LONSDALE** — An exquisite shade of rich salmon with just a suspicion of apricot at the base of the petals. A medium growing plant branching well and the freest flowering cactus Dahlia in the collection, perfect in form and good stems, a good cut flower and a good keeper. 25c each; 3 for 65c.

**CREPUSCULE** — Yellow shading to amber yellow, large flowers with long petals. Good grower producing flowers freely on good stems. A good cut flower and a good keeper. 25c each; 3 for 65c.

**DADDY BUTLER** — American Beauty rose shade with a lighter reverse. The petals are so rolled that much of the reverse color shows, giving the flower a very attractive two-toned effect. The plant is vigorous, the stem perfect and the bush is always covered with large perfect blooms which last well when cut. A wonderful exhibition and cut-flower variety. 75c each; 3 for $2.00.

**DAHLIAMUM (Ballay)** — Clear bright yellow and resembles the chrysanthemum so much that the question is often asked whether it is a cross between a dahlia and a chrysanthemum, hence the name. It stands on top of a long strong stem, has good size and substance and is a most excellent cut flower. $3.50 each.

**DAPHNE (Ballay)** — Bright true pink sometimes shading deeper toward the center. An enormous shaggy flower with tight perfect centers and held on straight stems high above the foliage. It has Certificates of Award and Merit and is a Gold Medal Dahlia. $10.00 each.

**EAGLE ROCK GEM (Broomall)** — Maize yellow shading to oriental pink. Exceedingly fine shaped strong stemmed cactus Dahlia. Its form is much finer than the Ambassador and its color is very unusual and pleasing. Good habits. The flowers always stand perfectly erect and are of medium height. $15.00 each; plants, $7.50.

**EAGLE ROCK JEWEL (Broomall)** — Cream overlaid cameo pink (shell pink), one of the most beautiful colors in any Dahlia. The large flowers are borne on strong stems. It is a vigorous grower and a free bloomer. $10.00 each; plants, $5.00.

**EAGLE ROCK SUNSHINE (Broomall)** — Rich yellow of a deeper shade than sunny south. Very large flowers are held perfectly erect on good stems. Winner of many prizes for best in show. $2.50 each.
EDNA FERBER (Fisher & Masson)—A glistening color, shading to old gold at base of petals. Named after the author of "The Show Boat," introduced in 1927. It attracts immediate attention both in the field and on exhibition table on account of extreme beauty and size. Medium to tall habit of growth; foliage dark green and thick. A prize winner everywhere in 1927 and 1928. $5.00 each; plants, $2.50.

ELITE GEM (Kennedy)—A true American cactus of fine form whose color is spinel pink blush on primuline yellow at the base; reverse rosaline purple. Medium sized blooms are supported on fine stiff stems. The plant is a vigorous grower, blooming continuously throughout the season. $2.00 each.

EL GRANADA—A vivid orange whose petals twist and interlace showing at the tips a creamy yellow reverse. An absolutely stiff and faultless long stem grows well out of the foliage. High bushes are covered with large deep flowers with closed centers from early until late season. Is one of the largest hybrid cactus grown and a prize winner. $1.00 each; 3 for $2.50.

ELMA MARIE—A charming, clear pink with a creamy white center of beautiful color, perfect form and exceptional keeping qualities. It has a combination for exhibition and commercial qualities not found in many Dahlias, a robust grower, it produces deep full center blooms from six to eight inches in diameter on three to four foot stems in ordinary field culture. $1.50 each.

ETHEL A. WOLFRUM (Sunnyside)—A deep shade of thulite pink enhanced by a soft shade of chalcedony yellow which predominates at full center. The plant is a wonderful grower producing in abundant large blooms of great depth and perfect in formation with stems of the best. $5.00 each; plants, $2.50.

ETIWANDA (Broomall)—Peach-pink (reddish salmon), large flowers of fine shape and attractive color. The natural stems are short and the plant may be disbudded for best results. $2.00 each.

EVENING GLOW (Ballay)—Pinkish-copper with yellow shadings. Some flowers have a tendency to show a few curling petals toward the center. Much admired. $3.50 each.

FAIR ELAINE (Ballay)—Delicate old rose. Petals very much incurved. A truly prolific bloomer, requires but little disbudding and its numerous branches, both upper and lower, all produce good flowers until the very end of the season. $10.00 each.

FLORADORA—Deep blood red, very early. A marvel of productiveness and of exquisite form. 40c each; 3 for $1.00.

FLORA—Pure white. Bush of medium growth covered with a mass of flowers from early until late season. 40c each; 3 for $1.00.

FORDHOOK CHEVALIER (Burpee)—Light buff suffused with dark orange, a remarkably free bloomer, on good stems and a good keeper. $3.00 each; 3 for $8.00.

FORDHOOK CRAWFISH (Burpee)—Deep pink flushed with white in the center. Base of petals are shaded yellow. A flower of heavy texture and exquisite form. Magnificent in every way, holding a Certificate of Merit, American Dahlia Society. $3.50 each; 3 for $9.50.

FORDHOOK PEARL (Burpee)—Deep creamy white blooms with the base of the inner petals viridine yellow of exquisite form and remarkable grace, blooms early, freely and continuously, carrying itself magnificently with huge flowers on long wiry stems. Certificate of Merit from the New Jersey Dahlia Society. $3.00 each; 3 for $8.00.

FORDHOOK PERFECTION (Burpee)—Combines shades of fawn, salmon-pink and orange with the reverse of the petals rosy-pink and the center petals canary-yellow. It displays spectacular beauty with magnificent blooms on a plant about four and a-half feet tall. $3.50 each; 3 for $9.50.

FORDHOOK TREASURE (Burpee)—Deep rosaline pink shading deeper toward the base of the petals with a silver sheen added, bright flowers carried stiffly erect on stout stems and producing even under ordinary culture. $5.00 each.

FORT MONMOUTH (Kemp)—Rich wine color with an underlying tone of brilliant crimson maroon with slight bluish-violet tone at tips of petal. True hybrid cactus flowers and well formed, full centered, attain the immense size of twelve to fourteen inches in diameter, borne on long stiff stems standing high above the foliage and looking you right in the face. Stands sunshine well and a good keeper when cut. A strong healthy grower, tall with dark green foliage withstanding injurious attacks of leaf-hopper. It blooms prolifically from early to late. Five to six blooms on a plant at one time is not uncommon. A consistent prize winner. $10.00 each; plants, $5.00.

KENDAL DAHLIA GARDENS—Massillon, Ohio
CACTUS AND HYBRID-CACTUS DAHLIAS—Continued

FRANCIS LOWELL (Waite)—An old favorite with large blooms of a bright mallow-pink color shading to white. Strong, showy and free growing. Valuable both for the garden or cutting. $1.00 each; 3 for $2.75.

GENERAL BUTLER—A fine dark lilac cactus producing a mass of blooms on a medium height plant branching well. Blooms early and continuously. 40c each; 3 for $1.00.

GENERAL FRENCH—A fine yellow cactus. Very satisfactory as a garden and cut flower variety. Has good stems and keeps well when cut. 40c each; 3 for $1.00.

GEORGE WALTERS—Pinkish salmon suffused with gold, an ideal variety of the finest type, excellent for exhibition, garden, decoration or cutting. Makes a fine bushy plant that is always full of giant blooms, every one perfect and having the best of stems. 40c each; 3 for $1.00.

GLADYS BATES—Very large perfect flowers with incurved petals of a golden-salmon, the reverse of the petals being rose, the two colors giving the effect of a golden old rose. It is an early, free and continuous bloomer with exceptionally good stems, one of the most popular varieties for garden and for cutting. A good keeper. 50c each; 3 for $1.35.

GLADYS SHERWOOD—An immense glistening pure white, producing its giant flowers composed of long curling petals very freely without any forcing or disbudding. Unsurpassed for exhibition or garden displays. 50c each; 3 for $1.35.

GOLDEN GATE—A fine yellow cactus, one of the old favorites which is still liked on account of its habit of doing well almost anywhere and under any condition. Good sized flowers on good stems, keeping well when cut. 40c each; 3 for $1.00.

GOLDEN WEST—Deep yellow overlaid orange. A large, fine flower on good stem, worthy of being in every collection. 60c each; 3 for $1.50.

ISLAM PATROL—Very dark velvety scarlet tipped and flushed with gold. Wonderful long stem, exceptionally fine keeper for exhibition purposes. $1.50 each; 3 for $4.00.

J. H. JACKSON—Deep velvety crimson, almost black. A popular dark variety that is always in demand, having great merit and blooming very freely all season. 35c each; 3 for 90c.

JEAN CHAZOT OR GAY PAREE—An autumn tinted Dahlia of golden-bronze heightened by a suffusion of nasturtian red. A French production that is one of the best all around varieties yet produced. A free, upright grower, long, stiff, wiry stems holding the flowers well above the foliage and displaying their real beauty. It blooms early and continues in good condition until the end of the season. 75c each; 3 for $1.75.

JEAN HARE (Fisher & Masson)—When first unfolding, a beautiful golden yellow turning an apricot buff and the outer row of petals a golden row of bronze as it matures, a most attractive autumn colored Dahlia of great size and beauty. A very free bloomer, medium to tall habit of growth, perfectly stiff, upright stems having dark green foliage. Certificate of Merit with a high score for exhibition. $7.50 each; plants, $3.75.

JERSEY'S CLIMAX (Waite)—An immense flower of xanthine orange with tourmaline pink reverse. The perfect flowers are borne on fine stems. $5.00 each; plants, $2.50.

JERSEY'S MAMMOTH (Waite)—Huge flowers of rich golden mahogany; truly a monster and recommended only to those who want the very largest blooms. $2.50 each; plants, $1.25.

JERSEY'S RADIANT (Waite)—Large flowers of bitter sweet orange, long, stiff stems. Very attractive and a great favorite. $1.50 each; plants, 90c.

JOSEPHINE BURR (Winter)—Large velvety red flowers on a robust vigorous plant branching well, producing freely on good stems. $1.00 each; 3 for $2.75.

KENDAL DAHLIA GARDENS--Massillon, Ohio
KALIF—Clear bright red, a truly majestic flower. Its bold giant flowers borne perfectly erect above the foliage on long straight stems. Every bloom of exceptional size. 50c each; 3 for $1.25.

LADY FAIRE—An appealing mauve-pink shade throughout. An attractive and very large flower whose center is full and thick with small broadly expanded petals. Strong stiff stems holding the blooms perfectly erect above a luxuriant foliage. $1.00 each; 3 for $2.75.

LA FAVORITA—Brilliant salmon shading to reddish salmon. A splendid hybrid cactus variety unexcelled in form and flowering qualities. Distinct in color and highly recommended. 50c each; 3 for $1.35.

LA MEXICANA—Burnt orange turning to copper; center of flower lighter in shade and tips of petals slightly touched with gold. An exceedingly early and free bloomer. Flowers borne on splendid, stiff stems. Medium to tall habit of growth, dark green foliage. $5.00; plants, $2.50.

LAWINE—White, with just a suggestion of blush as the flower matures. Another old time favorite which has not lost its popularity as an all around garden and cut flower variety. Has good keeping qualities. 35c each; 3 for 90c.

LOLITA VELASCO—Beautiful white. The petals are extremely long and straight, the center excellent and the size immense. Long, stiff stem, holding an American type cactus flower boldly up. A prize winner. 75c each; three for $2.00.

MAH JONG (Sunnyside)—Vivid Oriental coloring, which is a lively shade of scarlet red shading to a pale lemon-yellow at the base of each petal. Flowers always with full centers, are very large and of great substance. Plant is strong and robust with many branches. Fine for exhibition and cutting. It is a splendid keeper. $2.50 each.

MARATHON—Brilliant rich purple illuminated with higher brighter shadings entirely distinct from all other cactus varieties. A good grower, branching well. Good stems. 50c each; 3 for $1.35.

MARION (Broomall)—Pink and white, descendent of Gladys Sherwood. It is more cactus in shape with better stems and habit than Gladys Sherwood. Beautiful flower. $2.50 each.

MARGARET STARK (Sunnyside)—Color, a soft spinel pink. This is an all American cactus in type, fine form, full centers and all that could be asked for in a stem. The plant is of medium height, free and open, covered the entire season with good sized blooms. $5.00 each; plants, $2.50.

MARGARET BOUCHON—Color, a beautiful shade of bright rose with a purple white center and distinct white tips. The blooms are of good size, quite regular in formation, petals very long and narrow and straight. Very popular. 40c each; 3 for $1.00.

MARIPOSA—An immense flower of delicate pink shading deeper at the center. Blooms abundantly all season. Stems very long and stiff. $1.00 each; 3 for $2.75.

MISS AMERICA (Sunnyside)—This artistic Dahlia has the warm shades of autumn colors, being a rich orange-buff, blended toward the center lemon chrome. The long petals are wavy, twisted and curling and colored on the reverse jasper red. Stems are stiff and wiry and large blooms have no trace of stiffness or heaviness. $1.00 each; 3 for $2.75.

MISS FORDHOOK (Burpee)—A bright shade of Amaranth pink with center petals white, softly suffused rose pink toward the tips. Free blooming and of excellent habit and being in flower continuously from early season until frost. $2.00 each; 3 for $5.40.

MINNIE HINDLEY (Kemp)—An immense flower of rich crimson overlaid with a brilliant scarlet sheen that sparkles in the sun like lustrous silk. Flowers are full centered and of good depth and held well above the foliage on stiff stems. Plant a vigorous grower and proof against leafhoppers. Height 5 feet. $4.60 each.
CACTUS AND HYBRID-CACTUS DAHLIAS—Continued

MORNING LIGHT—Primrose yellow, long narrow, incurved, petals entirely distinct from any other variety and a general favorite among lovers of the cactus type. (See cut). 50c each; 3 for $1.35.

MIRAFLORA (Broomall)—White tinted violet pink. The petals are long, straight and rather narrow. This variety might be called a Giant Delicatissima. The flowers are 8 to 10 inches in diameter without disbudding and borne profusely on first class stems. $2.00 each.

MRS. C. H. BRECK—Soft yellow, deeply suffused with carmine, giving a very pretty variegated effect. Flowers are always of perfect shape, full double to the center. Grows only to a medium height, branches well and is a splendid all around variety either for garden or decoration. It is as often classed as a hybrid decorative, as a hybrid cactus, and it could be classified as either from its conduct in our garden. A flower very much admired. 50c each; 3 for $1.35.

MRS. EDNA SPENCER—Large flowers of a delicate lavender pink with white suffusion and a lighter center. Is good grower, branching well, producing splendid narrow petaled English cactus type flowers. Good for cutting and a good keeper. 50c each; 3 for $1.35.

MRS. ETHEL F. T. SMITH—Creamy white shading to lemon at the center. A close resemblance in type and formation to Gladys Sherwood except that it is still larger, not quite so deep in the center. A tall, robust grower, branching freely with long stiff stems holding the flower proudly above the foliage. (See cut). 75c each; 3 for $2.00.

MRS. HOGE (Kemp)—Bright lemon yellow flower, globular in form, well finished and well above the foliage on good stems. Early and very prolificous, a very beautiful and pleasing variety. $3.00 each.

MY MARYLAND (Downs)—A clear rich pink hard to describe, with hardly a suggestion of lavender. Each petal is gracefully twisted and twirled and daintily tipped with a touch of ivory which adds greatly to its charm. Very tall with insect-resisting foliage. My Maryland is one of the healthiest varieties grown. Stems are straight and strong with graceful way
of holding the very large bloom ideally. It is a prize winner at many shows, has a Certificate of Merit from the American Dahlia Society and is a Roll of Honor Dahlia. $10.00 each; plants, $5.00.

MYRTLE McBRIDE (Ballay)—Dull old rose suffused evenly throughout the flower with dull gold. Tremendously large full flower of true hybrid cactus type. The rather low bushes are always laden with good blooms on sufficiently long stems. Petals, broader at the tip than the base, twist and curl forward in such a manner as to produce an exceedingly novel effect. $5.00 each.

NAGEL'S ROEM—This is one of the most popular of Europe's recent introductions; produces large shaggy flowers of buff-yellow tipped rose, excellent stems and one of the best keeping Dahlia when cut, and continues to enlarge in water. $2.50 each.

NEW ENGLAND QUEEN—Orange-red. A robust grower of medium height, branching well, carrying flowers from early season until frost on good stems. Very showy and good as a garden or cut flower variety. A good keeper. $1.00 each; 3 for $2.50.

NORDIC (Ballay)—Light copper with a light rose reverse and slightly suffused with rose. The blooms of this variety are of enormous size made noticeably so because of the long narrow incurved petal formation. Plant is a tall robust grower holding the flowers straight up on long leafless stems. Almost faultless. $7.50 each.

ORANGE GOLD (Broomall) — Rich orange-yellow, very attractive color, receiving much attention, medium large, good free blooming habit. $3.00 each.

PAPILLON—A big, new fellow whose color is a beautiful shade of old rose with golden lights. Constant bloomer on good stems. $1.00 each; 3 for $2.75.

PEARL DE LYON—White. A good cut flower variety; flowers are produced early, continuously and freely on a plant of medium height and with good stems. 25c each; 3 for 65c.

PERSIA (Ballay)—Scarlet with gold reverse and light tipped, with gold at the center. Blends freely as a cut flower with yellows, gold, red and kindred shades. A large and good cut flower. $3.50 each.

PIERROT—Color deep amber shaded to yellow, distinctly tipped white. One of the largest and finest of the English incurved Dahlias. Habit of growth upright, holding its enormous blooms well up. Blooms very freely from early in the season until frost. 50c each; 3 for $1.35.

PRIDE OF MONMOUTH (Kemp)—Perfectly formed flowers of rich golden-buff yellow, maize-yellow reverse. Flowers are borne on long stiff stems well above the foliage. Plant is a vigorous grower with thick tough foliage. $5.00 each.

PRINCE OF YELLOWS—A very fine yellow cactus of medium size, borne on medium height plants covered with flowers of medium size on good stems. An early and continuous bloomer. A good keeper. 40c each; 3 for $1.00.

PROFUSION (Broomall) — A medium sized, pure white flower of pleasing shape. Very full and double, never showing an open center. The flowers which are held above the foliage are produced in such a profusion that they cover the plant with a mass of white. An unequaled bedding variety attaining a height of three feet. $2.00 each.

RHEINISHER FROHSIN—Color deep rose, intermingled with white in such a manner as to give the general flower a bright rosy pink. Flowers are of good size on long wiry stems, keep exceptionally well when cut and one of the most satisfactory dahlias in any garden. 50c each, three for $1.35.

RIVERTON JEWEL (Dreer) — Canary yellow suffused with bronzy red which intensifies on outer petals. Flowers are of excellent form and size, vigorous grower producing their beautiful blooms early and continuous and with perfect centers to the end of the season. 75c each; 3 for $2.00.

RIVERTON NYMPE (Dreer) — Bright madder-red with gold suffusion, the center petals with small yellow tip. Of a good form, stem, size and color, it is also vigorous, robust and healthy. Blooms freely, early and continuously. Good keeper. 75c each; 3 for $2.00.
SEQUOIA—Golden bronze, fine form, long stiff stems. A strong grower and a profuse bloomer. 50c each; 3 for $1.35.

SILVERADO (Seal)—Immense blooms of white gradually shading toward the center to delicate silver-lavender. Stems are extra long and strong and the tall, well branched bushes are always covered with nuge, feathery blooms. Prize Winner and Honor Roll Dahlia and with Certificates of Merit, it is without doubt the largest Dahlia of its class ever produced. $5.00 each.

SISKIYOU—Pink tinged mauve. An exceedingly large Dahlia invariably winning first prize whenever shown in the "largest Dahlia" class. Grows to twelve and thirteen inches with disbudding, on stems stiff as rods. A constant prize winner. $2.00 each.

SPORT FROM AGER (Winter)—Is a variegated red and white cactus growing on a healthy growing plant, branching well and covered with medium sized blooms on good stems. A good cut flower variety. 40c each; 3 for $1.00.

SPRINGFIELD—A beautiful blending of salmon-pink and amber comparable to Countess of Lonsdale of whom it is a rival. A good, free flowering variety with good stems, valuable for cut flower and garden purposes, being a good keeper. We like it very much but would not like to say it is better than Countess of Lonsdale. 35c each; 3 for 90c.

STANDARD BEARER—Rich fiery scarlet. An old favorite, producing flowers prolifically on plants which branch well. Good cut flower variety and a good keeper. One of the very best. 35c each; 3 for 90c.

SUNNYSIDE (Sunnyside)—Clear shade of grenadine red, greatly intensified with metallic shadings. The immense flowers are always full-centered, and the petals are long and flare back almost meeting. Plant grows tall and vigorous with straight and clean-like stems. An early, profuse bloomer, makes it a grand vivid spot in the garden. A very popular Dahlia. $2.00 each.

SUN MAID (Dahliadel)—A vigorous orange red and gold Dahlia of unusual size and perfect form, giving you an abundance of blooms on long stiff stems during the entire season. $2.50 each.

SUNNY SOUTH—Bright clear yellow without any shadings. Flowers are enormous in size, most pleasing in form, very full and deep in the center. The plants are low growing and sturdy in habit, being two and a-half to three feet. Flowers are held erect. $2.00 each.

THE BANDIT—Spectrum-red, reverse of petals buff-yellow, which coil and twist, showing the reverse color and giving it a two-tone effect. A very attractive Dahlia. $2.50 each.

THE EAGLE—Color, pure silver yellow. Large exhibition Dahlia of attractive formation. Petals long and narrow, making an attractive chrysanthemum-like flower. A free bloomer and a good keeper. 40c each; 3 for $1.00.

WASHINGTON CITY—An immense white flower that has few if any equals. Flowers eight to nine inches, of purest white. Stems long and erect. 40c each; 3 for $1.00.

WINSOME—Large full flower of creamy white color. An excellent garden variety blooming freely. A good cut flower variety. 35c each; 3 for 90c.
Quotations of all Paeony tubers are for strong field grown division, each with one or more good eyes, guaranteed to grow, and each tuber labelled.

BILLIONAIRE—Color, pure gold, a wonderful variety in color, form, size and plant. A gigantic flower desired by every one who sees it. One of the most satisfactory paeony Dahlias for garden or for exhibition. 75c each; 3 for $2.00.

CLEOPATRA—Showy red and gold, very beautiful. Good plant, good size. Early and free flowering. Sometimes classed as a duplex. 35c each; 3 for 90c.

ELITE GOLD (Kennedy)—Color, a beautiful rich golden shade, and profuse in blooms from early season until frost. The blooms are held perfectly erect on fine stems. $2.00 each.

GORGEOUS—Well named, as it is certainly a gorgeous flower. Color, a bright yellow and scarlet blended in a most beautiful manner. Plants, profuse, blooming freely, holding its enormous blooms well out on long, bare, canelike stems; a stunner. $1.00 each; 3 for $2.75.

HAMPتون COURT—One of the best. A bold flower of a bright mative pink. Grows tall, bushes well with long stems, and a free bloomer. 25c each; 3 for 65c.

HORNSVELDT—A fine large salmon-pink. A Holland introduction. Very satisfactory for garden or cutting. 35c each; 3 for 90c.

IDA MAY CARLTON (Winter)—Tyrian pink and white. Tall, hardy plant, fine stem, striking flower, sometimes classed as a duplex. 50c each; 3 for $1.25; 1 dozen, $3.50.

LAVENDER KING (Winter)—A very large beautiful lavender and white; free grower, vigorous, hardy and profuse bloomer. 50c each; 3 for $1.35.

MME. COISSARD—Brilliant French purple or carmine crimson, freely marked, shaded and suffused with white; a most artistic, graceful Dahlia. Its flowers are largely composed of incurring shell like petals. A good grower and a free bloomer. 50c each; 3 for $1.35.

MME. AUBREY—A beautiful rich, deep mauve pink; outer petals are broad and flat, the center petals are quilled and rolled toward the center. A distinct and desirable novelty in true paeony form, attracted much attention in our gardens last year. 75c each; 3 for $2.00.

MONDSCHEIBE—Large canary yellow, very free flowering and attractive, a wonderful garden variety. 25c each; 3 for 65c.

POPE PIUS X—A salmon and pink variety, large flowers. 75c each; 3 for $2.00.

ROSALIE STYLES (Peacock)—A bright Tyrian pink, tipped lighter reflex pink. Beautiful form, immense size; stiff stems. Strong, vigorous, sturdy plant, a free and continuous bloomer, strong grower, medium height, branching and producing the giant flowers freely on long canelike stems. A superb cut flower variety on account of its clear color, good stems and remarkable keeping qualities. Early flowers are quite full to the center, eight to nine inch flowers. $1.00 each; 3 for $2.50.

SAN JOSE (Ballay)—Purplish crimson or bright reddish cerise, a spectacular flower, many of its blooms are a foot across. Broad petals combined with the most numerous small circling petals around the pollinated full center complete a flower of the most perfect type of paeony Dahlia. $5.00 each; plants, $2.50.

U.S.A.—A lovely flower of vivid orange on fair stems of good formation, often being hybrid in type. 75c each; 3 for $2.00.
SHOW AND HYBRID SHOW DAHLIAS

Quotations of all Show tubers are for strong field grown divisions, each with one or more good eyes, guaranteed to grow, and each tuber labelled.

A. D. LIVONI—Soft, clear pink; good vigorous plant, good stems. One of our oldest Dahlias and still a great favorite. 25¢ each; 3 for 65¢.

AMERICAN BEAUTY—One of the very best of this type, a brilliant crimson red with French purple suffusion, a rich glowing color. 35¢ each; 3 for 95¢.

CUBAN GIANT—Very large ball shaped flowers of a bright maroon. Tall vigorous plants, bushing well; flowers held erect on long, straight, stiff stems. A favorite in our garden. 35¢ each; 3 for 90¢.

DREER'S WHITE—A pure glistening white; large ball shaped flowers with closely quilled petals. These in a cut flower bouquet add lustre to all the colors of the other flowers and make its own white seem whiter. Easily grown; free and early flowering. 25¢ each; 3 for 65¢.

MAUDE ADAMS—Undoubtedly one of the finest show Dahlias, a model flower. Clear, pure white, very effectively overlaid with clear delicate pink. Unsurpassed for cutting. Its good sized plants are a mass of bloom from early until late in the season. Fine, long stems, and a good keeper when cut. An old one still a favorite. 25¢ each; 3 for 65¢.

MRS. DEXTER—One of the show or ball type with autumn colors, the bloom being a fine tan color. A good grower, free bloomer, showing up well in the garden or in the vase. 25¢ each; 3 for 65¢.

PAUL DAVID—A brilliant carmine red, one of the largest and most perfect show Dahlias. 35¢ each; 3 for 90¢.

RED HUSSAR—Clear cardinal red, one of the freest flowering Dahlia, always in bloom. 25¢ each; 3 for 65¢.

SNOW BALL—A pure white Dahlia ideal as a cutting variety. Stems long and rigid. Flowers keep well after cutting. An early and profuse bloomer. 25¢ each; 3 for 65¢.

STRADELLA—Large beautiful deep purplish crimson, rounded and full. An attractive garden and cut flower variety. 25¢ each; 3 for 65¢.

POMPOM DAHLIAS

Quotations of all Pompom tubers are for strong field grown division, each with one or more good eyes, guaranteed to grow, and each tuber labelled.

AIMEE—A very small pompom Dahlia of coral pink. Good stems and a free bloomer. 35¢ each; 3 for 90¢.

AMBER QUEEN—A rich amber shaded apricot. A distinct, attractive variety and one of the most popular pompoms grown. Its beautiful color, perfect form and long, straight stems make it very desirable. 30¢ each; 3 for 75¢.

CATHERINE—A well formed primrose yellow; is a sturdy grower, sending out its branches at regular intervals to form clusters of beautiful flowers especially adapted to table decoration. At one stage in its growth it resembles a tall Chinese pagoda. 25¢ each; 3 for 65¢.

DARKNESS—Color, very dark maroon, almost black. A model flower in every respect and is especially desirable to mix with lighter colors; plants of good habit with blooms erect on long, bare stems. 30¢ each; 3 for 75¢.

ELEGANTA—A favorite variety with lovely pink blooms. The flowers are borne profusely; are fine for garden display and for cutting. (See cut). 35¢ each; 3 for 90¢.

GOLDEN QUEEN—A very good yellow pompom exceedingly tight and compact. The flower is borne on good stems and is an exceptionally free bloomer. A little larger than the average pompom. Color, the purest golden yellow imaginable. Very popular. 36¢ each; 3 for 90¢.

JESSICA—Color, amber yellow, edged and tipped with red. One of the most popular of this class, and about the freest bloomer. Very attractive. 50¢ each; 3 for $1.35.

KENDAL DAHLIA GARDENS—Massillon, Ohio
POMPOM DAHLIAS—Continued

LITTLE BEAUTY—A small extra fine pink ball variety, fine for cutting. A model flower with closely quilled petals. 25c each; 3 for 65c.

LITTLE BOBBY—A very attractive free and continuous blooming pompom of rich plum color. With others, it assists in bringing out autumn colors. 30c each; 3 for 75c.

LITTLE JEWEL—A clear peach blossom, pink color. This very pretty pompom is really a miniature decorative with flowers averaging from one and one-half to two inches on good plants which send out flowers in profusion. Probably the best and prettiest pompom on the market today. 75c each; 3 for $2.00.

MADELINE—Pale primrose edged with rosy purple, sometimes white or cream with pink tips, the leading pompom of this color. Long stems and a very fine cut flower variety. 25c each; 3 for 65c.

NERISSA—A perfect model pompom of a most beautiful shade of pink that appeals to everyone. Blooms very freely on good stems, always in demand. 50c each; 3 for $1.35.

NOVELTY—A variegated red and white changeable pompom of medium height. Good stems and a good cut flower variety. 35c each; 3 for 90c.

SNOWCLAD—A pure white pompom Dahlia with petals of exquisite texture; free bloomer, good keeper. 25c each; 3 for 65c.

SUNBEAM—A brilliant crimson scarlet; free bloomer, excellent for cutting. Very showy. 25c each; 3 for 65c.

SUNSET—Orange scarlet on a vigorous growing bush of medium height, sending out good long stems covered with blooms. A rich orange yellow with bronzy orange centers. About one inch in diameter, very showy on good stems. 25c each; 3 for 65c.

One each of the above 16 named pompons, $4.00.

We have several other pompoms which were originated in our own gardens, but which we have not yet named, in many colors. We will be glad to send a collection of one dozen of these assorted colors for $2.50.

SINGLE DAHLIAS

Quotations of all Single Dahlia tubers are for strong field grown divisions, each with one or more good eyes, guaranteed to grow, each tuber labelled.

The following Single Dahlias are practically all of them originations of Mr. H. P. Winter, whose business, stock and originations we acquired. They are all vigorous plants of good stems, and plants and flowers are of good substance. While not as showy as some of the more double varieties, they attract a great deal of attention, and are to be found in many gardens. They seed easily, and when placed near double Dahlias their seed often produces fine, large, double flowers.

Single Dahlias are very fine for borders or for color or mass plantings, as they are free and early bloomers and need no pruning or disbudding.

CREAM CENTURY (Winter) — Large cream colored. 25c each, 3 for 65c.

ORIENTAL—Yellow, striped red. Very pretty. 30c each, 3 for 75c.

PRAXATELLA (Winter)—Maroon and white. 35c each, 3 for 90c.

ROMANTIC (Winter)—Brilliant scarlet with golden disc. Very large. 75c each, 3 for $2.00.

SCARLET CENTURY—A very good large single, scarlet Dahlia, similar in color to Romantic, but not so good. 25c each, 3 for 65c.

SOUVENIR DE PARIS—A large white. 25c each, 3 for 65c.

COLLECTION—We have a number of single seedlings of more or less merit which we are not intending to introduce, but which are very fine. We would be glad to sell these, as long as they last, at $1.50 per dozen, postpaid, our selection.
COLLARETTE DAHLIAS

Quotations of all Collarette Tubers are for strong field grown divisions, each with one or more good eyes, guaranteed to grow, each tuber labelled.

Collarette Dahlias differ from Single Dahlias in that there is an additional row of short petals around the open center, or disc, which forms a frill or a collar. This collar is usually of a different color from the rest of the flower. They are easily grown, free and profuse bloomers, and are very graceful for cutting, particularly when arranged in vases by themselves. Where room admits, it is very desirable to have two or three good Collarettes. All of those listed below are free, early and profuse bloomers.

ACHIEVEMENT—Velvety maroon with white collar. 25c each, 3 for 65c.

LA FUSSEY—Red with white collar. Cut foliage. 25c each, 3 for 65c.

MME. GYGAX—Bright chochineal red, primrose yellow collar. 35c each, 3 for 90c.

MAURICE REVERE—Crimson with white collar, a French Collarette. 25c each, 3 for 65c.

NEGRO—A red and white Collarette with blue tubers. 25c each, 3 for 65c.

ROSETTE—Giant size, velvety cerise, suffused white with white collar. 35c each, 3 for 90c.

TIGER (Winter)—A very fine Collarette of bright scarlet with white collar. Free flowering and longest stems. Outstanding in all its habits. 75c each, 3 for $2.00.

TRYMORE (Winter)—Red flowers, white collar. 25c each, 3 for 65c.

ONE, EACH, of the eight Collarettes named above, $2.20.

KENDAL DAHLIA COLLECTIONS
New and Old Varieties

Maybe you will find the kind and colors you want, at the price you want to pay, in the following collections or the collection on the inside back cover. They make excellent assortments. No discounts and no free or extra tubers with collections.

JANE COWL, or any other $10.00 variety and $50.00 worth, additional, your selection, from this catalog, all properly labelled and guaranteed to grow, and one hundred select dahlia seed like we plant, free with this collection. $50.00 postpaid.

KENDAL DAHLIA GARDENS—Massillon, Ohio
HELPFUL HINTS IN CULTIVATION OF DAHLIAS

Dahlias are easily grown, growing to perfection in almost any soil, provided care is given to treatment in the method of planting, fertilization, cultivating and watering. They should have an open, sunny location, but succeed in partial shade and in planting them it should be planned to have them in the sun at least two-thirds of the day, preferably the first part of the day.

Prepare the soil thoroughly by digging or plowing twelve to eighteen inches deep, and after digging or plowing, see that the ground is worked to a fine state of tilth. If the soil has much clay in it, work some sand or ashes to make it more friable. If over-fertilize especially at planting time and see that any fertilizer or manure does not come in contact with the roots at any time. If you do not have any well rotted stable manure, at planting time, three or four ounces of ground bone meal around each hill thoroughly worked in, a couple of weeks before planting, will allow food for the growing plant throughout the early part of the summer, as needed.

When planted in rows, Dahlia tubers should be planted two and one-half to three feet apart in the row and the rows about three feet apart for ordinary culture. Each tuber should be laid flat or horizontal (never on end) with the eye up in a furrow 6 to 8 inches deep and the tuber should only be covered about two inches at time of planting. It is better if only one tuber with one eye, two at most, is planted in a hill, and if more than two sprouts appear, the extra sprouts should be removed. The size of the bulb does not make any difference. If the bulb is mature, that is all that is necessary. In fact some Dahlias that produce large plants and large flowers make small bulbs and some Dahlias that produce small plants and small flowers make large bulbs. The size of the bulb has nothing to do with the size of the plant and flower. There is no rule governing this.

As the tuber sprouts and grows, the earth should be pulled into the furrow until it is pulled around the growing plant on a level with the surrounding ground. This insures a proper depth of the tuber to conserve the moisture for its roots during any dry weather. If the variety is especially tall-growing, five foot stakes about an inch to one and one-half inch square, sharpened, should be driven firmly into the ground about two or three inches from the end of the tuber which has the eye. As the plant grows it may be tied with coarse cord or strips of cloth. Stakes may be placed later, when needed, if care is used in driving so as not to injure the growing bulbs.

Between the parallels of the Mason and Dixon line and the Great Lakes, the best time for planting Dahlia bulbs is from May 1st to June 15. The earlier planting will produce larger bulbs and will come into flowering earlier. However, if your Dahlias begin to flower during the hot, dry weather, the stalks of the plants will harden and the hot sun will shrivel and dry up your flowers, and your later blooms, as a rule, will not be as fine as later planting, which are still growing when the hot weather comes and only begin to bloom during the latter part of August when the nights begin to get cooler. Your later planting will usually give you the best late flowers. If your Dahlias grow medium to tall, it is a good plan to cut out the top of your Dahlias to make them branch when the plants have made their third or fourth set of leaves. This is called "crowning out." If your Dahlias are low growing or dwarf, we do not suggest that you top out or "crown out" any plants and it is also unnecessary to stake these. Fewer stakes will be needed except for tall growing plants if your Dahlias are "crowned out."

As soon as the tubers begin to sprout, the very best thing you can do for the next sixty days is to keep the ground stirred thoroughly and frequently. Our own plan is to lay out our garden so that it can be plowed both ways and we make it a rule to plow twice in a row both ways at least once a week. We consider hoeing and cultivating the soil the most important thing until the buds appear and the cultivation up to this time can be fairly deep. After this, if your Dahlia garden is too large to give a good mulching of light manure to keep the ground moist, your hoeing and cultivating of the soil should be very shallow, as, from this time on, the plants feed near the surface. Keep the ground stirred. We do not hill our plants. We do not think it is a good plan to water the plants until the buds appear, when, if the weather is exceedingly dry, the ground around the plants should be thoroughly wetted and this should not be done oftener than once a week or twice in ten days, and then only when it is dry.

KENDAL DAHLIA GARDENS---Massillon, Ohio
When the Dahlias begin to bud and bloom, and again about a month later, we recommend the application of a small handful of good potato fertilizer which is procurable at most any feed supply store, and which contains nitrogen, phosphorus and potash, the three things which are necessary for the proper growing of the plant; nitrogen, assisting the plant and foliage; phosphorus, the flowers, and potash the tubes. Rake into the soil about two feet around the plant. Do not apply it to the roots.

In order to have very large or exhibition size blooms, it is necessary to disbudd, which means that when the plants are small, only four to six of the strongest side shoots or laterals, as low down on the main stalk as possible, should be left. Then after these side shoots or "suckers" and buds come out on each side of the stalk, all excepting the main or terminal bud on each of the laterals, should be removed. In our own gardens we do not resort much to disbudding or to crowning out, although we do so occasionally in an endeavor to produce a bloom of exceptional size. We have also found that cutting the Dahlias frequently for cut flowers and decorations stimulates the plant, and in cutting the flowers we do not hesitate to take out a sufficient amount of the stalk to give plenty of stem, and with this treatment only praise was given by the visitors who inspected our gardens. Cutting plenty of flowers did not hurt them or detract from the beauty of the gardens. Flowers should always be cut in the evening or in the early morning when the dew is on. Take good stems, trim of most of the foliage and place in cold water at once and keep there for two hours if cut in the morning, and all night if cut in the evening. Then place in your vases, changing the water each morning and trimming the stems an inch or so.

Dahlias have few enemies. There are a few insects such as leaf hoppers and thrips and aphis which give occasional trouble and these can be readily checked by the spraying or dusting with nicotine solution or dust, which can be secured very cheaply at any seed or drug store and which should be applied the same as for any other garden flowers. In case of cut worm or grub worm, which cuts off the small plant when it first starts to sprout, you can dig around the plant usually and find the worm and destroy it. As a rule your bulb will sprout again and possibly two sprouts will come up if it has been cut off above a joint and your plant will continue to grow, being delayed only a few days. The stem borer is another enemy which gives trouble infrequently. You will observe in going through your garden that the top of some plant begins to droop. If you will split the stalk which is hollow, down with a pen knife, you will usually locate the worm, which is about an inch long and light green in color. If the injury is too heavy, you will top out the plant and new side shoots will immediately replace themselves and the plant will recover. If you keep your plants thoroughly and frequently cultivated, they will be stronger than their enemies and frequent cultivation is your best fertilizer and mulch.

When frost comes and kills your plant the hills should be dug. Great care should be exercised in digging the clumps so as not to break the necks of the tubers, as this injures them; and if the skin is broken around the bulb near where it joints on to the plant the tuber is lost. A good plan is to loosen the earth carefully all around the Dahlia hill or clump with a potato fork, and then raise the clump out easily. Then cut off the top about two inches above the bulbs and after allowing the clump to dry from two to four hours, remove them carefully and store them in a dry cellar or basement which is frost-proof and either cover them with dry sand or soil to keep them from shriveling, or pack them in boxes or barrels, well lined and covered with paper. You should observe them from time to time to see that they are not shriveling or rotting. If they show signs of rotting, the rotted ones should be removed and the clumps aired. If they start to shrivel, a damp sack placed over the barrel or box will restore their plumpness in a few days. Protect from frost, too much moisture or too much heat or air. Forty to fifty degrees is a good temperature.

In the spring, when the eyes show plainly, divide the tubers, being careful that each tuber has an eye. Then cover them up again and keep dry until planted. Do not plant the whole clump in one hill, as it will produce too many stalks and your plant is better with not more than one or two good eyes, which will produce better plants and flowers than if you plant a whole clump which produces ten or twelve stalks, none of which will mature or bloom satisfactorily on account of lack of air, circulation and food. Follow the above instructions and your Dahlias will be as good as ours. Adjust yourself only as your soil, climate and season differ.

The above instructions are meant to assist the amateur and not the professional grower of Dahlias. It is presumed that the professional grower has solved these problems.

KENDAL DAHLIA GARDENS—Massillon, Ohio
Dahlias are as easily started and grown from seed as tomatoes, cabbage or pepper, will bloom in the first season and will make as large bushes and produce as many flowers as if grown from roots. They will, at the same time, produce roots or tubers that will give you, almost invariably, the same kind of flower as the plant gave the preceding year. Roots or tubers will invariably produce the same kind of plant and flowers as produced the root; however, this is not true of seed. Seed will produce seedling Dahlias which will be entirely different varieties, and while some may resemble the parent plant, it will always be different, and in many cases the plants, foliage and flower from the seed will be so different as to have no resemblance whatever to the parent. This is because the Dahlia has been so highly developed through a long period of years from a tropical and semi-tropical plant to a plant that now produces more beautiful flowers in the north temperate zone than its original ancestors did when it was first found growing wild in Mexico, and also due to the fact that the pollen from one flower is naturally distributed over many others, resulting in a natural crossing of varieties, giving new seed an inheritance of some of the characteristics and habits of all that has gone before in its parent plants.

However, it is just this uncertainty that makes the growing of Dahlias from seeds so interesting and there is always the possibility of developing a new variety which will be superior to any we have as yet discovered. Many new varieties are produced from seed each year that are well worth while and there is considerable pleasure in discovering them. In the bulletins issued by the many Dahlia Societies and in the magazines devoted to flower culture, there is much argument and discussion about whether better Dahlia seedlings come from seed that are artificially, or hand crossed, or whether the best seedlings come from seed which are grown where the crossing or pollinization are produced naturally by the pollen being carried from one flower to another by the wind, bees, butterflies, or other insects, and the discussion still rages.

We are still studying both sides of the question and take some seed by experimenting with hand crossing or pollinization between flowers we like, trying to produce the best characteristics of both in the seed, and we take some seed from our best flowers, relying upon the natural crossing and pollinization by the wind, bees, etc.; and while the artificial crossing is interesting, we find where we exercise the greatest care in the selection of the parent plants, which we believe is the great essential in producing the best seed, that the result from natural crossing is entirely satisfactory, and, where we have selected our own seed, and where we have bought seed from reliable growers produced naturally, we find that the results are entirely satisfactory, and while we will continue to experiment with artificial crossing, getting a great deal of satisfaction out of the experiment, we will continue to rely upon seed produced through natural crossing as well.

The seed which we offer in this catalog for 1929 distribution will be either grown by ourselves and selected carefully or seed grown for us by reliable growers in whom we have the greatest confidence. No experiment with the flowers in your garden will give you more agreeable surprises or pleasure than your Dahlias from seed.
We offer two varieties.

**XX SELECTED MIXED**—This is a choice largely of seed especially grown by us and for us and we believe it will produce as many fine seedlings as any seed advertised on the market. Excellent care has been given in the selection of parent varieties which consists solely from the seeds of the finer and better decorative, hybrid cactus and peony types and then mixed. No other types are taken and seed is taken only from those flowers which were the largest, had the most desirable color and the best of stems. However, even with this care your seed will produce some singles and other unsatisfactory specimens but the result as a whole will more than repay you.

Package of 30 seeds, $1.00; package of 100 seeds, $3.00.

**XX SPECIAL MIXED**—This seed, while mixed, was gathered in order that the grower might know the names of the varieties from which the seed was taken. The seed fairly mixed was taken from the following varieties in approximate equal quantities: Eldorado, Eagle Rock, Cigarette, Copper King, Lillian Baldwin, Margaret Woodrow Wilson, Paul Michael, F. T. D. Grizzly, Ballet Girl, Robert Scott, Trentonian, Sagamore, Salbach’s White, Mrs. I. de Ver Warner, Mrs. Carl Salbach, Faith Garibaldi, Emma Marie, Elinor Martin, Jersey’s Beauty, Jersey’s Ideal, Jersey’s Beacon, Jersey’s Mammoth, Judge Marean, Wizard of Oz, and our price is based on the cost to us, taking into consideration the percentage of germinating seed as shown by tests to produce the number of plants your order calls for in seeds. Our count in both grades will overrun.

Package of 25 seeds, $1.00; package of 100 seeds, $3.50.

Another window display of Dahlias originated from seed in Kendal Dahlia Gardens, which are now being tested for introduction. You should plant some seed!

**KENDAL DAHLIA GARDENS**—Massillon, Ohio
INSTRUCTIONS FOR PLANTING DAHLIA SEED

Dahlia seed should be planted in shallow boxes which have been filled three-quarters full of sandy leaf mould or any good garden soil, just like you use for sowing cabbage or tomato seed, in March preferably for this latitude. Smooth the surface of the soil over with a smooth board. Then place the seed about an inch apart each way or place the seed in little furrows about 1 1/2 to 2 inches apart in the earth made by passing the sharp edge of a ruler or other similar tool on the surface and cover the seed with an eighth to a quarter of an inch of sharp sand and earth equally mixed, just as you would cabbage or tomato seed. Place the seeds in a warm, moist place indoors and see that the soil is not permitted to become dry. Do not place outside unless you are in a frostless belt.

To preserve moisture, glass may be put over the boxes or flats, but if the sun shines on them, they should be protected from the sun by a single sheet of paper over the glass, otherwise too great a heat will develop between the glass and the soil and your plants will dry up. Remove the paper at night or in dark weather. Some seed will sprout in four or five days, some in ten days and they will continue to sprout for two and sometimes three months. Many say the slow sprouting seeds produce the finest and best Dahlias.

When the seeds are up and about one inch high, take them out and transplant them either to another box or flat, spaced three or four inches apart, or put them into three inch pots. Do this without interfering with the other seeds by using a sharp, pointed stick, driving it down into the soil next to each seedling and lift same up. In the pots they can be kept growing slowly until ready to go in the open, and when planted in the open they should be planted about one and one-half feet apart, allowing two or three feet between the rows. Transplant to the open garden, only when danger of frost is over.

When transplanting to the open ground, set the plant so that it will be one and one-half to two inches lower than it was in the pot or flat, then cultivate the same as you cultivate other Dahlias, but do not stake and do not disbud. This will enable you to observe the habits of the plant under natural conditions. Those plants which do not show themselves with merit should be immediately chopped out and this will give plenty of room for the plants which are worth while.

If these instructions are followed, practically all your seeds will make large plants that will produce a profusion of blooms the first year. They will make good clumps of tubers which should be lifted after the plants are cut down by frost. Mark these clumps with a number and write a description of its habits of growth, flowering, stem, color, size and variety for future reference. Do not hesitate to discard any Dahlia not worth while. Store the clumps from seed in a dry frost-proof ventilated cellar and after marking it is a good plan the first year to wrap the new clumps you decide to keep in newspapers and store in boxes. If your tubers produce true three years without reverting or changing, your new Dahlia will likely continue to prove satisfactory.
FOR $3.50, we will ship postpaid, at planting time, one each MORDELLA, ADALINE WINTER, PRIDE OF WINTER-HAVEN, QUEEN OF NORTH MENTOR, PAINESVILLE and FDA MAY CARLTON, six very beautiful dahlias that will grace any garden, each one labelled, and guaranteed to grow.

The Dourm Company, Canton, O.
JOIN THE AMERICAN DAHLIA SOCIETY

I extend an invitation to all Dahlia Growers, amateur or professional, to join the American Dahlia Society. A news bulletin published by the Society every three months is full of interest and information for any Dahlia lover and is free to every member.

Initiation fee and first year dues, $2.00.

Write William J. Rathgeber, 198 Norton Street, New Haven, Conn.
